## GOVERNMENT MAKES PROPOSALS TO END COAL DISPUTE IN BRITAIN

### NATIONAL WAGE BOARD IS NEW PLAN OF GOVERNMENT TO KEEP PEACE IN BRITISH COALFIELDS

Details of Proposed Agreement Drafted by Premier Baldwin to End Fuel Strike Made Public; Subsidy Would Be Continued for a Period; Suggested the Miners Accept a Slight Reduction in Minimum Wages While Government Payments Continue.

London, May 14.—The Government's new proposals for mediation of the coal mine dispute in Great Britain pledge immediate action along certain lines laid down in the Royal Coal Commission's report.

One feature is the establishment of a national wage board, similar to the present railway labor board.

The proposals also include a subsidy, characterized as "further financial assistance to the industry to the amount of approximately £3,000,000."

During the period of this subsidy, the miners would accept an unannounced reduction in minimum wages other than in subsistence rates, this amount to be determined in joint conference.

The plan provides for the establishment of a board consisting of three representatives of the owners, three miners and an independent chairman. This body would frame a national wage and hour agreement, governing the principles on which wage rates would be ascertained for each district and also designate the minimum percentage of increase on rates paid before the war.

The board would be required to make its decisions within three weeks after acceptance of the proposals, and in case of disagreement the independent chairman would decide.

If the parties should agree in conference that it was advisable that "some temporary modification should be made in the statutory hours of work," the government would immediately initiate the necessary legislation.

**LONDON TRANSPORTATION**

London, May 14.—A hopeful sign in the post-strike situation was seen this morning in an announcement from the headquarters of the underground electrical railways of London that a satisfactory settlement had been reached between the companies and the unions and that it was hoped to have normal service operating by Saturday on the underground railways, by the London General Omnibus Company and on the lines of the Allied Tramways.

A notice also was issued at the Crofton Corporation, tram depot asking all members to resume work, as "a strike settlement was reached at 2.30 o'clock this morning."

The London County Council Trams, which operate throughout the greater part of the city, would function as soon as possible, it was stated this morning, and the council expressed the hope that some of the services would be in operation this afternoon.

**MANY WALKED**

Meanwhile London went to work again by motor car, bicycle and foot. The populace continued to maintain the cheerful manner which it had displayed throughout the trouble.

The newspapers, although far below normal, were more abundant today than any previous day since the strike began.

(Concluded on page 2)

**DAMAGE CLAIMS**

The trade unions admit that in calling the strike they committed a wrongful act against the companies, and it is agreed the companies do not by reinstatement of the men surrender their legal right to claims for damages arising from the strikers or others responsible.

The unions undertake again to instruct their members not to strike without previous negotiations with the companies and not to encourage the supervisory employees to take part in strikes.

The unions agree to give no support of any kind to their members who undertake unauthorized action.

**CHANGES IN DUTIES**

The railway companies intimate that because of the strike, it may be necessary to remove certain persons to other positions.

The settlement does not extend to persons who have been guilty of violence or intimidation.

The agreement was signed this afternoon.

**BLIND PERSONS TO VISIT "BENVENUTO"**

Secretary of National Institute to Address Gathering at Mrs. Butchart's

Through the kindness of Mr. and Mrs. R. P. Butchart, the blind residents of Victoria also those eight persons who are especially interested in the problem of the blind, have been invited to their beautiful home at Tod Inlet next Friday, to meet Capt. E. A. Baker, General Secretary of the Canadian National Institute for the Blind, and to hear from him of this work. The blind and their families or guides are being conveyed by auto and will leave the Post Office at 5 p.m.

Mr. Butchart is a member of the British Columbia Board of the Canadian Institute for the Blind.

### SPEEDY GENERAL STRIKE IN BRITAIN NOW IMPOSSIBLE

London, May 14.—Taken at its face value, the agreement between the railway and the unions, signed to-day, which ends the strike on the railways means Great Britain can never have a lightning general strike again, since the railwaymen are bound to confer with their employers in advance.

### FRANC NOW AT 32.62 TO DOLLAR ON FRENCH MARKET

Paris, May 14.—The franc to-day was given a new official quotation, closing at 32.62 to the dollar, and 158.75 to the pound sterling. The generally unsettled conditions in Europe and the unloading of francs in London and Brussels were given as the reasons.

## B.C. LIKELY TO SCRAP TAX ON PERSONAL PROPERTY AND IMPOSE LEVY ON TURNOVER

Sweeping taxation changes involving the abolition of the personal property tax and the substitution of a half-million-dollar tax on gross business income are in store for British Columbia. This was indicated at the Finance Department to-day after officials had spent months investigating the taxation situation.

As explained officially, the attitude of the Government is favorable to the scrapping of the unpopular personal property tax provided the businessmen of the Province generally are willing to pay a tax on their gross income instead. During the next few months the Finance Department will endeavor to find out the views of the public generally on these questions. If, as seems altogether probable, businessmen favor the gross income tax, the personal property tax will be eliminated at the next session of the Legislature.

The new tax will be levied not with the idea of raising as much money as possible, but simply to replace the revenue lost through the abolition of the personal property tax. This amounts to about \$400,000 a year. As the new tax would cover a far wider field than the personal property tax the individual levy under it would be smaller than that collected at present.

Many businesses not affected by the personal property tax would be brought within the limits of levy on gross business income. The personal property tax affects retail stores chiefly, as they have large taxable stocks on hand. The proposed income levy would apply to all businesses, including those of professional men.

This was stated to the Commons customs inquiry committee by G. W. Taylor, Assistant Deputy Minister of Customs, during evidence he gave this morning.

The Minister, he said, had called him into his office and told him the liquor was taking up too much room in the Government warehouse and he had decided to dispose of it.

"He asked me to find out what was the highest price received by the department for liquor of this class to be used for this purpose," said the witness.

**DENATURED ALCOHOL**

"What was the purpose?" asked Hon. R. B. Bennett, Conservative, Calgary, West.

Mr. Taylor replied that it was to be converted into denatured alcohol. The highest price was 25 cents a gallon.

(Concluded on page 2)

**EARTH SHOCK IN CALIFORNIA**

Santa Barbara, Cal., May 14.—A light earthquake shock was felt here this morning, lasting about two seconds.

**Traces Of Old Race Of Giants Found In Mexico**

Tepec, Nayarit, Mexico, May 14.—Discovery of the bones of a race of giants, who towered more than ten feet in height, was reported here to-day by Captain D. W. Page, a citizen of the United States, and Captain F. W. Devalda, an Englishman, who returned from an unsuccessful search for legendary Spanish gold mines.

The two men say their discovery had been made in a great burial mound in the mountains southwest of here and that the state of preservation in which they found the bones indicated the giant race lived in this section more than 500 years ago. Pottery found in the mounds was of about the same date as the trip.

Whether they will continue exploration of the mounds is not known here.

The reported discovery finds some substantiation in tales handed down from generation to generation among Indian tribes living on the coast of Mexico. According to these tales, the giants were forced to leave their native home in Ecuador by great bands of Indians who invaded their territory. They embarked on rafts on the Pacific Ocean and some of them were blown by storms to this section, the legend runs.

### MAYOR ADVOCATES WATER SUPPLY FOR THE WHOLE OF SAANICH PENINSULA

Asks Chamber of Commerce to Determine System of Service for Irrigation of All Surrounding Rural Territory; Saanich Delegates Join in Discussion.

"As far as Saanich and ourselves in Victoria are concerned, the water problem has been amicably settled," said Mayor J. Carl Pendray at the meeting of the directors of the Chamber of Commerce to-day, introducing a discussion of the water situation generally.

Mayor Pendray said that the Chamber of Commerce should take a leading part in helping to formulate a plan to supply all the Saanich Peninsula with a sufficient supply of water.

**NOT SERVED**

North Saanich and Sidney were not served at the present time. There was no plan under consideration at present, and he considered the Chamber of Commerce should lend its aid in determining some system whereby Saanich, Sidney and even James Island might be served.

J. L. Beckwith suggested that the water question was one outside the jurisdiction of the Chamber of Commerce directors. He considered a public meeting was the proper way to approach such a question.

Mayor Pendray answered that the Chamber of Commerce should be interested in the irrigation of all surrounding rural territory. The topic for discussion was important, he said, and merited the consideration of the Chamber. The plan had to be begun somewhere, he asserted, and it was only right that the Chamber should start it.

**NEED FOR WATER**

Rev. M. W. J. Bruce, president of the Saanich Board of Trade, said that there was great need for more water in Saanich. He knew that Saanich would be only too willing to co-operate in every way with Victoria in securing such a supply, he said.

The Alderman A. E. Todd rose to explain the water situation from the standpoint of the available supply of distribution in Saanich. The cost of supplying parts of Saanich with water were "simply staggering," said Mr. Todd.

"We need to pool our resources, and get together to accomplish this thing," Mr. Todd asserted. Frank discussion of the whole situation was essential.

**NEED OF INDUSTRY**

Mr. Todd suggested that it was an essential to the growth and prosperity of any industry to have a sufficient supply of water. Agricultural needs in Saanich for adequate water were also extensive. He felt sure, however, that Saanich and Victoria and the Provincial Government would all put their shoulders beneath the burden of cost for more water. It was known, he said, that Mr. Todd, then Minister of Customs.

This was stated to the Commons customs inquiry committee by G. W. Taylor, Assistant Deputy Minister of Customs, during evidence he gave this morning.

The Minister, he said, had called him into his office and told him the liquor was taking up too much room in the Government warehouse and he had decided to dispose of it.

"He asked me to find out what was the highest price received by the department for liquor of this class to be used for this purpose," said the witness.

**FIRST LOCAL BERRIES SELLING HERE TO-DAY**

High Grade Strawberries From Gordon Head and Keating Offered

The first shipment of local strawberries reached Victoria to-day and sold well at 45c a box. They were grown at Gordon Head and Keating, and are fine luscious red fruit of number one grade. The intense heat and the little rain that has fallen over Victoria and district has helped the berries to attain a remarkably large size. Local growers state that this is the best crop that has been put on the local market for some years. They are two weeks earlier than the first berries of last year.

Local gooseberries were on sale at 15c a pound. They are fully ripe and of the best quality. California cantaloupes made their first appearance at 25c each.

**TWO FACTIONS IN POLAND NEGOTIATE**

One Report Says 450 Persons Killed in Street Fighting in City of Warsaw

London, May 14.—The Polish Legation here received a telegram from Warsaw timed at noon saying peace had been restored in that city.

The telegram, the first message the legation had received from Warsaw since Marshal Pilsudski's troops entered the city, said the Government and the insurgents had opened negotiations.

**MINISTRY FELL**

Vienna, May 14.—The Polish Legation here has received direct advice that the Witos Ministry has fallen, but that President Wojciechowski is still maintaining his position.

**450 KILLED**

Berlin, May 14.—It is estimated 450 persons have been killed in street fighting during the uprising in Warsaw, Poland, thus far.

Foreigners are fleeing the country.

**NO DICTATORSHIP**

Paris, May 14.—The Polish Government, its Embassy here announced, issued a proclamation that any belief there was any danger of dictatorship (Concluded on page 2)

secretary of the Transport Workers' Federation of Great Britain, who to-day announced the ending of the strike on the London County Council tramways, which was part of the general strike in Great Britain.

### BUSY PROGRAMME FOR HIS EXCELLENCY

Governor-General and Lady Byng to Attend Many Functions Here

Will Visit Red Cross Workshop to See Work of Disabled Veterans

The local command of the G.W.V.A. has arranged, in conjunction with His Excellency the Governor-General, for His Excellency the Governor-General to pay a visit to the Red Cross workshops and inspect the work done by the disabled men engaged there. It is probable that Lady Byng may accompany the party, as her interest in ex-service men's affairs is very keen. The visit will probably be made on Monday morning.

This will be one of the events in connection with the programme arranged for the valedictory visit of Their Excellencies the Governor-General and Lady Byng, who will arrive at the E. and N. Station to-morrow at 1 o'clock.

After the official welcome at the station, Baron Byng will proceed to Government House, where members of the Government, the judiciary, the forces and the clergy will be invited to meet him at a luncheon, while Lady Byng will be the guest of the Women's Canadian Club at luncheon at the Empress Hotel.

At 5 p.m. the Governor-General will attend a reception at the Parliament Buildings when he will meet the ex-service men and women of the city. At 8 p.m. the formal welcome by the Government will be extended in the Legislative Chamber by Premier Oliver, followed by a reception, to which the public is invited.

On Monday His Excellency will be the guest of the Canadian Club at luncheon at the Empress Hotel. Lord and Lady Byng will leave on Monday evening for the Mainland.

**PASSED POINT BARROW**

Seattle, May 14.—Advices received here by the Associated Press at 4 a.m. to-day from the United States radio station on Hinchinbrook Island, near Cape Alaska, said that station had intercepted a message from an unknown station to the effect that the airship Norge had passed over Point Barrow yesterday at 3 a.m. Pacific coast time. The message added that all aboard were well.

Radio stations in Alaska were immediately ordered to verify the message.

**RADIO MEN BUSY**

Naval radio stations in Alaska have redoubled their efforts to communicate with the Norge.

The heads of the navy stations personally kept watch throughout the night. All night long they were ordered to suspend for any word of the dirigible.

**MUCH SPECULATION**

What happened to Capt. Amundsen and his seventeen companions aboard the airship was a question many were eagerly asking to-day, but which no one was able to answer. It is known Amundsen passed over the North Pole at 4 a.m. Tuesday, Pacific Coast time. It was reported the dirigible was sighted off Point Barrow on the Arctic coast of Alaska at 1.30 a.m. yesterday.

When the dirigible left King's Bay, Spitzbergen, it was estimated fifty or sixty hours would be sufficient for the 2,750-mile trip to Nome. It carried 6,000 kilograms of benzine for fuel, sufficient for more than 2,000 miles of normal travel.

The ship also carried emergency rations sufficient to sustain the crew for nearly six weeks. Collapsible boats.

(Concluded on page 2)

## NO WORD FROM CAPT. AMUNDSEN FOR WHOLE DAY

North Pole Dirigible Norge With Eighteen Explorers on Board Unreported Since It Passed Point Barrow, on Northern Alaska Shore, Yesterday; When the Pioneer Arctic Airship Will Arrive at Nome Unknown.

Bremerton, Wash., May 14.—At 1 o'clock this afternoon the radio station of the Puget Sound Navy Yard here stated no wireless outfit in Alaska or elsewhere on the Pacific Coast had heard any word of the North Pole dirigible Norge since midnight. The last word caught, so far as known here, was by a radio compass station maintained by the United States navy at Hinchinbrook Island, Alaska, which was that all aboard were well when the Norge passed Point Barrow yesterday.

Nome, Alaska, May 14.—Up to midnight, Pacific Coast time, radio operators here had heard nothing from the dirigible Norge, in which eighteen men, headed by Capt. Roald Amundsen, are flying to Nome after having crossed the North Pole from King's Bay, Spitzbergen.

**ANXIETY IN NOME**

Nome, Alaska, May 14.—Anxiety was written on the faces of Nome citizens this morning at the end of their second night of uninterrupted vigil for the dirigible Norge, which left with Captain Roald Amundsen and seventeen companions from King's Bay, Spitzbergen, at 1.10 a.m. Tuesday, Pacific coast time, and crossed the North Pole. Scores of townsfolk who knew Amundsen were constantly reassuring each other the explorer was safe, but rumors passing from one end of the village to the other gave indication of doubt.

Various he was reported to have met disaster, to have returned to Spitzbergen, to be exploring the Arctic wastes. Like thunderbolt reports, seemingly from nowhere, would strike.

Radio operators at the government stations would tell the people no news of the Norge had been received. Calmly then would they resume their waiting, only to be thrown into turmoil by another disturbing rumor.

**BAROMETER FELL**

A falling barometer was taken to indicate possibility of a storm in the Arctic and there was much speculation whether the giant sky ship could withstand a ferocious disturbance of the elements such as frequently sweep across the North.

**MINING CAMP**

Nome is a mining camp which sprang up a generation ago with the discovery of gold in creeks and rivers. It is a town of 2,500 people and is situated on a beach in front of the town. More than 1,000,000 was taken from the district in less than two months. A stampede followed 25,000 people, according to conservative estimates, crowded every available steamship from the United States to the scene of the strike.

After 1902 the population dwindled. In 1910 there were 2,500 people and to-day there are not more than 1,000. Those who remain are of grim visage—hardened soursoups—who stay because they like it. They are not the lure of the North and it has held them fast.

**PASSED POINT BARROW**

Seattle, May 14.—Advices received here by the Associated Press at 4 a.m. to-day from the United States radio station on Hinchinbrook Island, near Cape Alaska, said that station had intercepted a message from an unknown station to the effect that the airship Norge had passed over Point Barrow yesterday at 3 a.m. Pacific coast time. The message added that all aboard were well.

Radio stations in Alaska were immediately ordered to verify the message.

**RADIO MEN BUSY**

Naval radio stations in Alaska have redoubled their efforts to communicate with the Norge.

The heads of the navy stations personally kept watch throughout the night. All night long they were ordered to suspend for any word of the dirigible.

**MUCH SPECULATION**

What happened to Capt. Amundsen and his seventeen companions aboard the airship was a question many were eagerly asking to-day, but which no one was able to answer. ## EMPIRE CONFERENCE PLAN IS ADVANCED

Support of Proposal 1928 Meeting be Held on This Coast is Asked

Vancouver, May 14.—Support of the Governments of Australia, New Zealand, South Africa and India for his proposal to hold the 1928 Empire Conference in Vancouver or Victoria will be asked by Mayor Louis D. Taylor in communications to the heads of those governments. The Vancouver Board of Trade will also ask the endorsement of the scheme by similar organizations and trade commissioners of the other Dominions. Members of the Western Union and Development League, consisting of mayors and representatives of Western Canada, will also be asked to communicate with the governments and boards of trade of other Dominions asking for the proposal.

**\$18,030 Damages Are Asked in Suit**

Vancouver, May 14.—Damages totaling \$18,030 for breach of contract relating to the sale of timber are claimed by John Alexander Knox and James Albert Lewis, Vancouver timber cruisers, from Robert R. Hall and William Irwin, barrister and capitalist, respectively of Peterborough, Ont., in an action which has come to trial before Mr. Justice W. A. Macdonald in the Supreme Court.

## NEW MEMBERS JOIN VICTORIA G.W.V.A.

Increasing Interest Shown by Local Ex-Service Men

There is concrete evidence of the renewed interest which is being taken by local ex-service men in the new organization and the G.W.V.A. reports having enrolled twenty-one new members during the past few days.

In explanation of the post still being termed the G.W.V.A., the secretary, Norman Saunders, points out, two facts may be mentioned. Firstly, the charter for the Canadian Legion of the British Empire Service League has not yet been received from Ottawa; secondly, the members have not yet decided on a new name for the post. A committee has been appointed to deal with this matter, and the name by which the post will be known in future will be decided at the next general meeting.

## SALE OF TREMBLAY LIQUOR DESCRIBED

(Continued from page 1)

Trallon taken out of bond and free of duty.

W. F. Wilson, chief preventive officer of the department, told the committee the department had received information the Tremblay had not divorced himself from the rum-running trade, even though she had merely been released on payment of a deposit. He read a letter from the files of the department, in which he informed his correspondent of alleged meetings between the Tremblay and a vessel called the Shepherd King, the latter laden with alcohol. In his letter, he asked that the Tremblay be watched.

Wilson explained the barge Tremblay had been released in April of this year, pending final disposition of the case. P. F. Casgrain, M.P., had acted as solicitor for Captain Tremblay in obtaining the release of the barge.

LONG UNDER GUARD  
A deposit of \$1,700 had been made with the department in order to obtain release of the barge. Of this amount, \$700 was to pay for the care of the barge, which had been held by the customs all winter.

Mr. Wilson told of a request received by him from J. E. A. Bissillon, former chief preventive officer at Montreal, that the vessel be released on payment of \$500. This had been refused, the witness said.

The committee attempted to ascertain from Mr. Wilson why it was that the Customs Department had taken such a long time to dispose of the Tremblay case, the seizure having been made in November, 1924.

Mr. Wilson could not explain the delay.

SENT TO ROCK ISLAND  
He placed the full responsibility for sending a large part of the Montreal preventive service to Rock Island shortly before the Tremblay arrived on the shoulders of J. E. A. Bissillon.

WITNESS REPORTED ILL  
A telegram from Dr. P. Parent of Montreal, stating L. Brien, called as a witness, was confined to his room. Ill, was read when this morning's session of the inquiry was opened. Brien had been called to tell what he knew in connection with the barge Tremblay case. He has been mentioned as a partner of J. E. A. Bissillon.

Dr. J. Calder, K.C., committee counsel, remarked that on a previous occasion this witness had been suffering from an abscess in one of his teeth.

Hon. H. H. Stevens, Conservative, Vancouver Centre, said it looked as if Brien was trying to evade his summons.

Hon. R. B. Bennett, Conservative, Calgary West, thought the statement of a medical man could not be disregarded.

It was finally decided to await a statement from the doctor before taking further action.

### ANNOUNCEMENTS

## LEAGUE PROBLEMS NEAR SETTLEMENT

China Will Abandon Council Seat Claim if Three Other Nations do

Geneva, May 14.—China to-day officially announced she would withdraw her demand for a permanent seat in the League of Nations Council on condition Brazil, Spain and Poland do likewise.

This proposal is accepted as increasing the chances of satisfactory settling the crisis in the League. China also made her withdrawal contingent on the proviso that there be no increase in the number of permanent seats in the Council beyond the six of the place Germany, M. Sokal, representative of Poland, indicated his country also was willing to drop out of the race for a permanent seat.

Poland, it was indicated, hoped to become a kind of intermediate member by re-election as a non-permanent member indefinitely, a solution that had been held out to Brazil and Spain as a means of satisfying their aspirations.

NATIONAL WAGE BOARD IS NEW PLAN OF GOVERNMENT TO KEEP PEACE IN BRITISH COALFIELDS

(Continued from page 1)

London, May 14 (Canadian Press Cable).—The National Union of Railwaymen supports the allegation that the railway companies are seeking to re-employ the railwaymen recently on strike only on the condition of reductions in wages.

"That the railwaymen's union actually asked the National Union of Railwaymen to support the allegation that the railway companies are seeking to re-employ the railwaymen recently on strike only on the condition of reductions in wages."

NON-UNION LABOR

There is reason to believe the real aim of the railway companies is to infuse into the service a percentage of non-union labor, or at any rate to eliminate for some time the principle that union membership will be indispensable.

It is alleged minor officials of the railwaymen's union in places remote from London are constantly harassing the railway officials and the districts on what are regarded as petty points in connection with work.

REPORTS DENIED

It is stated there is no truth in the stories the railway companies are seeking to re-engage men only as new employees, which under the last national wage agreement would mean that the men would start at again at lower wages than they were receiving before the general strike was called.

The companies declare they did not seek the railway officials and that the railway business has received such a blow the companies simply can not take all the men back at once.

The Home Secretary, Sir William Joynson-Hicks, has issued a new warning with regard to picketing.

It can not be too clearly emphasized that the use of any kind of compulsion, threats, force or intimidation, "whether actual or implied, for preventing persons from working, or who wish to do so, in unlawful and persons who gather outside of docks, factories or any place in the highway for that purpose are liable to prosecution on charges of committing criminal offences."

BALDWIN'S PROPOSALS

London, May 14.—Premier Baldwin announced in the House of Commons to-day he had prepared proposals which, in his opinion, formed a reasonable and fair basis for settlement of the coal dispute in Great Britain.

He had come to the conclusion, the Premier continued, that there was no possibility of the two parties to the coal dispute coming to an agreement themselves.

The proposals he had prepared would be handed to the miners and coal owners immediately for their consideration over the week-end, he said.

The Premier said J. H. Thomas, the railwaymen's secretary, had telephoned he hoped by the time Mr. Baldwin made his statement in the House a settlement would be signed regarding the railways, which he believed would be satisfactory to all parties.

Regarding the docks and certain forms of transport, the Premier announced negotiations were still going on.

TRANSPORTATION PLANS

"I am not aware of any hitch in these negotiations," he said. "They are pursuing a normal course. An agreement has been reached and work should be resumed to-morrow on the buses, trams and tubes of the underground railways, but the terms of the settlement are not at present available."

ANNOUNCEMENT WELCOMES

Ramsay MacDonald, former Labor Premier, said he welcomed Premier Baldwin's statement he had prepared peace proposals to end the nine tie-up. Mr. MacDonald said he was certain the Premier was right in saying if the settlement were left to the miners and the owners themselves, agreement would be impossible.

Mr. MacDonald suggested it would be wise for the Premier or some other person with good influence on both sides to be present when the miners and employers conducted their negotiations. He thought that if any hitch developed in the negotiations it would be wise to keep an influential hand over them in order to keep either side from running out of the conference over some minor disagreement.

LLOYD GEORGE'S VIEWS

Mr. Lloyd George also expressed gratification Premier Baldwin had put forward proposals as a basis for bringing peace to the coal mine industry. He expressed agreement with Mr. MacDonald that the Premier or someone else with authority should take an active part in the negotiations.

The Prince of Wales and the Duke of York entered the peers' gallery of the House of Commons just as the Premier began speaking.

## TAG DAY TO AID KIDDIES' GROUND

Appeal To-morrow For Stevenson Memorial Park at Spring Ridge

To-morrow a street collection will be taken up in the interests of the children and their playgrounds at the Stevenson Memorial Park at Spring Ridge, when the generous public will be asked to support this playground which was converted from what was practically a rubbish dump and eyesore into a sanctuary for the little ones.

During his lifetime, the late Rev. William Stevenson was devoted to the children and their interests was his first care. It was for this reason the Stevenson Memorial Committee chose the establishment and maintenance of the little playground at Spring Ridge as the perpetuation of his memory, and to-morrow's tag day will be used towards its upkeep.

Taggers are urgently needed, and those willing to assist, if only for an hour, are asked to communicate with Mrs. H. W. Graves, 6241 R, who is acting as convenor.

## VICTORIA CHURCHES TO RAISE \$28,000

That is 1926-27 Allotment For This Presbytery of the United Church of Canada

Vancouver, May 14.—Rev. J. H. Arnap, D.D. of Toronto, at this morning's session of the British Columbia conference of the United Church of Canada in St. Andrew's Church here told of the success of the maintenance and extension fund campaign.

The church, he declared, had been enabled to carry forward every single missionary enterprise because of the generosity of the people and every debt in the three sections of the church had been met.

British Columbia accepted as its allotment for 1926-27 a sum of \$150,000, and the presbyteries were asked to raise the following amounts: Victoria \$28,000; Vancouver West \$62,500; Vancouver East \$14,000; Westminster \$15,500; Kamloops \$17,500; Kootenay \$7,600; Cariboo \$900; Prince Rupert \$4,000.

To these amounts will be added two per cent to assist the conference voted to assist Columbian College, New Westminster, in its work of secondary education.

## NO WORD FOR WHOLE DAY FROM AMUNDSEN PARTY IN ARCTIC

(Continued from page 1)

sleds and other equipment was available should the ship be forced down.

WALL OF STATIC

A wall of static is thought to be the chief obstacle in preventing communication between the Norge and Alaska radio stations. Numerous garbled messages have been reported since the North Pole messages were received, but it has been impossible to determine the origin.

Amundsen's acquaintances suggest the explorer was not satisfied with flying over the last unexplored part of the globe, but wanted to look it over thoroughly, and with his goal in sight, turned back to survey it again.

Meanwhile, Nome's 600 citizens are gazing somewhat wearily toward the north and the triumphal arch which they labored day and night to construct for his coming is waiting.

LAND SOUGHT

The world of science is awaiting word from Amundsen to settle the long-disputed question of the presence of an Arctic continent between Alaska and the North Pole. The drift of the Polar ice pack soundings taken by other explorers in the Arctic Ocean, the flight of birds toward the north and presence of animal spoor far beyond the known lands, all have been pointed to as evidence land exists.

The inaccessibility of the region has hitherto preserved the secret. Scientists have asserted that if land existed in the Arctic it probably would have a comparatively mild climate, and that vegetation capable of sustaining animal life would sever it.

For some time, however, it has been pointed out in the establishment of airways connecting centres of population on opposite sides of the globe, as landing stations, for maintenance and refueling could be located there.

## RAIL REPORT IS DISCUSSED

Ottawa, May 14 (Canadian Press).—DeWitt, Conservative, King's, Nova Scotia, quoted a London press report in the House of Commons this afternoon, forecasting the building of a new railway line from Winnipeg to the Pacific Coast.

The line, which was to be built by the Canadian Pacific Railway Company, it was stated, would include some of the Saskatchewan branch lines and connect with the Edmonton and Dunvegan Railway in British Columbia and with the Canadian National at Prince George, B.C.

Mr. Foster asked if the Government was aware of any such plan. Premier King said he was not in a position to reply, but would ask Mr. Dunning, Minister of Railways, who was not in the House at the time.

MAIL SERVICE

Effective on May 16, trains on the P.G.E. out of Squamish will leave Squamish at 1 p.m. on Tuesdays and Saturdays, instead of on Mondays and Thursdays, as at present.

Mail for Cariboo points will be dispatched from Victoria at 11 p.m. on Mondays and Fridays, to make the connection.

Return mails will be received at Victoria at 7 a.m. on Tuesdays and Fridays.

## CRISIS IN BRITAIN IS CLEARING AWAY

Railwaymen Resume Work; Transportation Services of London Being Restored

London, May 14.—The British industrial crisis began to clear rapidly to-day.

The railwaymen, who had remained out notwithstanding official termination of the general strike, signed an agreement with the companies. Traffic will be resumed as soon as possible.

Premier Baldwin told the House he had framed proposals for settlement of the coal miners' strike. These were sent to both the miners and employers this afternoon.

A national conference of delegates of the striking coal miners of Great Britain, convened by the Miners' Federation, met in Kingsway Hall this forenoon to consider the strike position.

The session adjourned at 1 p.m. until 4 p.m., after discussing Sir Herbert Samuel's proposals for a strike settlement. The members of the executive were expected to go to the Premier's official residence before the conference was resumed.

It was understood Premier Baldwin was to meet the mine owners this afternoon. The miners' executive also received a communication from the Premier, the nature of which was not divulged.

Secretary A. J. Cook said the miners' decision depended on the attitude of the railwaymen toward a resumption of work.

TWO SIDES MEET

The Trades and Labor Congress said there was a marked easing of the tenseness of the situation throughout the country, following the general strike, the employers being increasingly inclined to discuss reasonable bases of resumption of work.

An agreement was reached between the London Underground Electric Railway Company and its employees, under which the underground and affiliated tram and bus lines will shortly resume normal service.

Reports also received from all sections of Great Britain indicated the unions and employers had got together to such an extent that industry should be able to right itself shortly.

## Passengers Gather in Trafalgar Square

London, May 14 (Canadian Press Cable).—Passengers for the Empress of Scotland left London for Southampton by motor this morning and their heavy baggage was taken by lorries. The passengers were gathered up in Trafalgar Square, which presented a lively scene for a while.

## 200 TO BE TRIED ON LIQUOR CHARGES

Action Started in Seattle Among Largest During Prohibition in U.S.

Seattle, May 14.—The Associated Press to-day able to state the individuals accused in thirty-seven indictments returned by a federal grand jury here after liquor investigation with ramifications extending into Canada and the Eastern United States number in the neighborhood of 200.

Under twenty-six indictments, seventy-five warrants are known to be out, with others in preparation. Arrests began yesterday and continued to-day.

Roy Olmsted, learning he had been twice indicted in the group of cases, officially pronounced the biggest that was ever initiated on this coast and ranking foremost among national cases as to the number of indictments, went to the marshal's office here to-day and promised to try to get bail.

Olmsted seven years ago was a successful and respected lieutenant of Seattle police. He was dismissed for running liquor in from Canada.

being caught helping unload a cargo at Meadowsdale, on Puget Sound, eight miles north of Seattle.

On February 29 last, Olmsted was convicted of organizing and operating a \$500,000 international liquor conspiracy, with ships running from Scotland to Vancouver and Victoria, British Columbia, and a fleet of gasoline boats plying the Gulf of Georgia, Admiralty Inlet, Strait of Juan de Fuca and Puget Sound, the province of British Columbia and the State of Washington.

PROCLAIMED A REBEL  
Paris, May 14.—The Polish Government, from the Belvedere Palace in Warsaw, has proclaimed Marshal Pilsudski "a rebel and outlaw." Premier Witos has sent a dispatch to the Polish Embassy here to this effect.

The message to the Embassy said the Government was confident of crushing the revolt and restoring order rapidly. It added the provinces were unanimous in condemning Pilsudski for his attack on Warsaw.

It declared the morale of the troops in revolt had been greatly shaken. General Sosnowski, commander of the Posen troops marching upon Warsaw, was reported in the message to be in an extreme serious condition because of an attempt at suicide by shooting.

FIRST STATEMENT

The statement was the first official communication issued since the outbreak of the trouble in Warsaw. It said the Government was able to count on the principal provincial garrisons for the present. Those at Posen, Lemberg, Cracow and Przemysl were remaining loyal.

The text of the statement follows: "May 12: On the morning of the definite constitution of Premier Witos's new Cabinet with a majority of 240 from the right and centre, troops which had been concentrated beforehand around Sulejowek, where Marshal Pilsudski lives, attacked the capital, under his orders and occupied the suburb of Praga.

Warsaw, May 14.—Practically all of Warsaw, with the exception of the Belvedere Palace and adjoining buildings which are in the hands of the Government, is held by Marshal Pilsudski.

## ATTACK ON WATER SUPPLY INVESTIGATED

Los Angeles Aqueduct Dynamited; Farmers of Valley Have Shown Hostility

Los Angeles, May 14.—The second dynamiting of the 250-mile Los Angeles domestic water aqueduct in Owens Valley was under investigation to-day as engineering crews were completing the cementing of the blasted section. The dynamiting, which was done Wednesday night in the Alabama hills on the open canal stretch of the water supply conduit, was within a short distance and under similar circumstances of the dynamiting two years ago.

The twenty-year feud between a thousand Owens Valley people in Inyo County against officials administering the engineering, development and operation of the Los Angeles water supply has been reported for several weeks to have been nearing another crisis. The unrest of the Inyo County people over the failure of a settlement from the city has been evidenced in recent issues of the Owens Valley Herald, a newspaper of Bishop, which forecast the 1924 dynamiting.

No extensive damage was done by the blast, it merely having broken out a section of the concrete canal. The twenty-hour stop in the water supply had no effect upon the city's supply, engineers said.

## PASSPORT CHANGES ARE NOW PLANNED

Geneva, May 14.—The recommendation that governments issue passports valid in all countries or for groups which includes as many countries as possible, was adopted yesterday by the International Passport Conference. The conference also registered the view that the fees charged for the issuance of passports should be fixed in such a manner as to bring in to the state a revenue not exceeding the expenditure involved in the preparation of the documents.

Another recommendation was that passports should be valid for at least two years, and, if possible, extended to five years.

Delegates of the International Shipping Conference recommended abolition of passports and at all events suppression of visas.

## PASTAS PRESIDENT

Charles Pastas, Estonian Minister to France, was elected president. Thirty-eight governments are represented at the conference as well as various international organizations such as the International Chamber of Commerce and the International Shipping Conference. The United States is not represented.

The preparatory committee recommended that the cost of passport visas be limited by international agreement to five gold francs and that a progressive abolishment of passports be carried out by separate agreements between several states. Total elimination of passports, however, is considered unfeasible by most of the delegates.

It was L. Sokal, the Polish delegate, who proposed the suppression of passports by all countries who are members of the League of Nations, and the substitution of a common identity card.

## Quebec Island Is Discussed as Home For Lepers

Ottawa, May 14.—A rumor that a concentration camp for all lepers in Canada would be established at Grande Isle, Quebec, was brought up in the House of Commons yesterday afternoon by George Parent, Liberal, Quebec West.

Hon. J. C. Elliott, Minister of Health, said that certain negotiations have taken place, but no decision has been arrived at.

## Biblical City's Site is Excavated

Philadelphia, May 14.—Further details have been received here describing the site of the Biblical city of Kirjathsepher, reported identified last week in cable dispatches from Jerusalem, and confirming the Old Testament version of its conquest.

In a communication to Professor James A. Montgomery, Philadelphia, president of the American School of Oriental Research, Professor M. G. Kyle, president of Xenia Theological Seminary, St. Louis, head of the expedition in Judah, said: "We have the best preserved and most typical of old Canaanite and Israelite cities, and history now is in possession of ruins certainly from the early Bronze Age, 2000 or earlier B.C., down to 600 B.C."

### DEARTH OF NURSE PROBATIONERS IS CAUSE OF CONCERN

Duncan Hospital Finds Staffing Difficult; May Affiliate With Others

Special to The Times  
Duncan, May 14.—Lack of applications from probationers, chiefly owing to the educational status required, may result in the Duncan Hospital board deciding to affiliate with one of the larger hospitals or else increase the graduate staff. The motion of the King's Daughters' Hospital reported at the monthly meeting of the directors Wednesday.

The two-day supervisors, Miss Fraser and Miss Jones have tendered their resignations which have been accepted. The ward maid, Miss Greuter, has also resigned. Miss Eveson and Miss Rundle took their Provincial examination last week and the latter is now on holidays. Miss Haw is also on leave.

The matron's report showed a very busy month for April, 124 patients were treated. There were eleven births and four deaths recorded; twenty-eight medical cases, with twenty-nine X-ray pictures taken.

Some mention has been made of changing the place at which the annual convention of the B.C. Hospital Association is to be held this year. At the meeting in Nanaimo last year, Prince Rupert was accorded the vote and the board went on record as opposing any change.

A generous supply of linen has been received from the St. Andrew's Circle of the King's Daughters, Vancouver.

The financial statements for April shows receipts from all sources of \$3,654.45 and payments \$4,096.28. Accounts passed for payment totaled \$3,264.42. The general turnover for month was \$2,311.07. X-ray \$261. Those present at the meeting were: W. H. Elkington, chairman and A. Wood, vice-chairman, Mrs. L. H. Hardie, provincial president of the King's Daughters; Mesdames J. H. Whitmore, W. H. Elkington, J. L. Hird, F. G. Christmas, F. H. Price and H. Fry; Miss Black, matron and E. W. Carr-Hilton, secretary-treasurer.

**LINEN SHOWER**  
The hospital was open to visitors on Wednesday afternoon, "Hospital Day." The general turnover for month was \$2,311.07. X-ray \$261. Those present at the meeting were: W. H. Elkington, chairman and A. Wood, vice-chairman, Mrs. L. H. Hardie, provincial president of the King's Daughters; Mesdames J. H. Whitmore, W. H. Elkington, J. L. Hird, F. G. Christmas, F. H. Price and H. Fry; Miss Black, matron and E. W. Carr-Hilton, secretary-treasurer.

## Russians Comment On Ending of Big Strike in Britain

Moscow, May 14.—"News that the British Trade Union Congress had ordered the end of the general strike hit the international proletariat with the force of a thunder," writes Karl Radek, leading Russian journalist, in The Pravda.

"The English proletariat's fight has been our fight as well as that of the world's proletariat," he continues. "Its defeat is our defeat and most typical of the world's great reason."

In an editorial The Pravda says: "Even the blind see now that the refusal by the Trades Union Congress to accept brotherly Russian aid was a pretense to capitulation."

## RELICS BURNED

Ottawa, May 14.—A unique and valuable collection of old carriages and many precious relics, including a carved rosewood piano, once owned by Sir John A. Macdonald, was destroyed by fire at the home of H. Bradish Billings near here yesterday. The loss is estimated at \$100,000. A great deal of antique furniture was destroyed.

## Chemainus

Special to The Times  
Chemainus, May 14.—Mrs. Russell Robinson entertained at a very jolly children's party Tuesday, the occasion being her daughter May's sixth birthday. A very happy time was spent playing games, each child being given a balloon and candy. A dainty tea was served. The table was prettily decorated with flowers and centred by a large birthday cake decorated in pink and white, with six pink candles. The little guests were Eileen and Gladys Work, Constance and Ruth Gilroy, John Evans, Lydia Gilliland, Dorothy Trocholin, Billy Alister, the Misses B. Hall, L. E. Brown, W. Wilson, Marion and Betty Paul, L. Livingston, M. Mariner, J. Garner, C. MacKenzie and the Royal Aid Circle, King's Daughters, New Westminster.

## Seattle to Have BIG LIQUOR TRIALS

Seattle, May 14.—Thirty-seven indictments returned here this week by a federal grand jury involve "an enormous large number of individuals." R. was learned from Roy C. Lyle, prohibition administrator for the Pacific Northwest.

The inquiries out of which the indictments grew included unearthing of an international liquor conspiracy in which Roy Olmstead, former lieutenant of Seattle police, was fined \$8,000 and sentenced to prison for four years.

"It is the biggest thing of the kind ever developed on the Pacific Coast," said Lyle. "I would not be surprised to find the number of persons accused in the largest ever indicted in a group of prohibition cases in the whole country."

Sheriff William Goodings of Island County was indicted. Island County consists of Whidbey and Camano islands, lying off Puget Sound between here and the Canadian boundary.

Goodings telephoned from Coupeville, the county seat, that he would arrange bond.

Three Seattle policemen, including Capt. E. L. Hedges, commanding one of the patrol at Central Station, and Lieut. George H. Comstock, head of the dry squad, are among those indicted.

## WOMAN OF 110 DIED IN ONTARIO

Simcoe, Ont., May 14.—Mrs. Nathan Fitch, probably the oldest woman in Canada, died here yesterday in her 111th year.

Mrs. Fitch was born in a village along the Niagara River. She was christened in the first Anglican church in the Niagara district. Her maiden name was Pernille Palmer, and she was the daughter of one of the first pioneers to invade the Niagara Peninsula.

## British-Australian Wool Association Ends

Melbourne, Australia, May 14 (Canada Press)—The British-Australian Wool Realization Association here a resolution was adopted voluntarily winding up the company and appointing liquidators.

A directors' suggestion that the sum of £500,000 should be allocated to patriotic purposes, was not officially considered, but at a subsequent informal meeting of the shareholders, the opinion was overwhelmingly in favor of rejection of the suggestion.

## BUY QUEEN CONTEST TICKETS

**THE CHAIRMAN OF THE COMMITTEE**  
In charge of this month's celebrations is making an appeal to the people of this city to lend more generous support to the occasion than is at present reflected in the number of Queen Contest tickets sold. It is explained that the quality of entertainment which will be provided on the four days set aside for this annual event will have to be governed by the amount of monetary assistance provided. Since the Queen Contest is about the only revenue producer, therefore, it is imperative that those who desire to help Victoria to advertise herself throughout the Pacific Northwest by her yearly carnival should do their part in making it the success it ought to be. Very little time remains in which to give the Committee the support to which it is entitled and should be able to obtain. We urge all citizens to do their share and entitle themselves to the indirect benefits which accrue from a really successful event of this nature.

## THROUGH TELEPHONE TO THE INTERIOR

**OF CONSIDERABLE INTEREST AND**  
importance to the people of this Province is an announcement from the British Columbia Telephone Company that such a busy and thriving centre of the Interior as Kamloops is to be connected with the coast by a direct telephone line. Hitherto telephonic conversations with the "Interior Capital" and towns in the Okanagan Valley have been possible only after routing through United States points.

The telephone is obviously an important factor in the conduct of modern business and the sooner the more populous centres of British Columbia are linked with rural districts farther afield by direct lines the sooner should commercial development result. Victoria businessmen no doubt are interested in this new undertaking by the Telephone Company, for it will furnish them also with simpler means of communication with the Interior than is at present possible by the round-about route which messages have to take.

## NEW MARVELS

**ALTHOUGH NOT ALL OF THE WIRE-**  
less pictures of incidents in the great British strike that have appeared in Canadian and United States newspapers for some days past have been as perfect as reproductions from ordinary photographs, the excellent results obtained, many episodes containing considerable minute detail, can be taken as an indication of what will be possible after further experiment.

The speed with which these photographs can be transmitted across the Atlantic to this side and converted into printing surfaces is illustrated by the fact that readers of a New York newspaper on Tuesday morning of last week were confronted with a picture of mounted troops passing the Law Courts in London the day before—less than twenty-four hours after it had been taken.

No doubt a good deal of space would have to be used to explain how the thing is done and an expert would have to give considerable thought to the problem of reducing technicalities to language which the uninitiated could understand. It is sufficient for the ordinary individual to know that it can be done, and is actually being done, as the evidence in this newspaper proves.

The even, tenor of the ether's way has been very considerably disturbed during the last quarter of a century. Great air liners of the aeroplane and airship type are rushing through space at almost incredible speed and scarcely anybody questions their safety. All sort of sounds are being collected from the air by small and comparatively inexpensive contrivances in millions of homes throughout the world. In fact so intensively has the radio been developed that telegraph wires these days seem something of an anachronism.

It is small wonder, therefore, the prediction should be made that incidents taking place in the world from day to day soon will be recorded by perfect pictures, as well as cold type, within a few hours of their occurrence.

## COMMONSENSE PREVAILED

**LORD BEAVERBROOK'S LONDON**  
Daily Express has told the people of Great Britain in its most solemn style that "the great outstanding and indisputable point arising after nine days of upheaval is that England is not a revolutionary country," that "after what has taken place" the settlement of the general strike "is one of the greatest triumphs of national government in the history of the world," and that "Soviet Russia barked heavily" on the outcome. There never was any danger of a revolution. The word never should have been used in connection with the conflict. It was economic and industrial—nothing else.

Neither Mr. Baldwin nor any of his cooler ministers really considered the action of the miners in the first place and that of the Trades Union Congress

afterwards an attack on the constitution of the country or on the institutions from which all the people derive the liberty they enjoy. Neither the great majority of the strike leaders nor any but an exceedingly small minority of the rank and file of Labor's millions had any intention of turning the country into a shambles. A few radicals among the idle workers had a good deal to say about the industrial system under which they are employed. The miners' leader often uses sulphurous language; but it is very doubtful whether he means half he says. In any event its effect on those he attempts to impress does not seem to be very serious. On the other side also a few gentlemen who never have to cast about for the next meal lost their heads for the time being, even as a few newspapers, like The Daily Mail, The Express, and The Morning Post, not omitting the Government's journal under the editorial direction of Mr. Winston Churchill, allowed sensation to run away with their judgment. Nor would any Soviet emissary who knows Britain and the British people waste any time suggesting that he expected bolshevism to overthrow institutions against which imported doctrines will continue to dash in vain. Propaganda manufacturers in Moscow, no doubt with a view to effect, portrayed the strike and its meaning before their dupes in their own way because their first consideration is holding their jobs.

What was scored the other day, as Premier Baldwin very rightly said, was a victory for commonsense, "not for any one party but the commonsense of the best part of the whole of the United Kingdom." This sums up the general attitude of the people; and, incidentally, it is interesting to note that the usual offences against the law in many districts diminished considerably after the strike began. This indication of restraint, insignificant as it may appear in contrast with the greater events taking place, is none the less symptomatic of the commonsense of which Mr. Baldwin spoke.

## MR. DAVIE IS WORRIED

**PRACTICALLY EVERY NEWSPAPER**  
in the Province for weeks past has been carrying news items relating to British Columbia's progress and prosperity. Not a few of them, both Liberal and Conservative, have likewise expressed the most enthusiastic editorial satisfaction over the various forms of development which are to be noted everywhere. But there is a considerable load of worry on the mind of Mr. C. F. Davie, Conservative member of the Legislature for Cowichan-Newcastle, to whom the times appear out of joint. For he told a gathering which met in Victoria the other night under the auspices of the Saanich Conservative Association that the present Government had lost the confidence of the people of British Columbia, and that not until it had been hurled from office would the political reputation of the Province be restored.

Only a very few people will share Mr. Davie's qualms about the political reputation of the Province. Most of them will recognize the fact that when any particular part of a country is progressing as fast and as solidly as British Columbia is progressing at the present time there is nothing seriously the matter with the manner in which public affairs are being administered. But perhaps Mr. Davie allowed himself to be disturbed about the condition of the Conservative Party the nature of which would naturally influence his survey of conditions in general. We recall that he appealed to his audience to sink their differences and get together, urging them likewise to forget their party bickering and march forward in a spirit of harmony and unity, and in that way, presumably, at least attempt to overcome some of the disabilities from which provincial Conservatism has been suffering for years. It is a long time since 1916 and it requires a good deal of patience to continue in opposition year after year with little prospect of crossing the floor of the House to the Government benches.

## WHAT OTHER PAPERS SAY

## CLASS PATRIOTISM

From The Paris Gaulois

We have never ceased to consider that class patriotism is just as noble and just as necessary a sentiment in the life of a people as local patriotism. And it is evident that the French Bourgeois, with their air of small and comparatively inexpensive contrivances in millions of homes throughout the world. In fact so intensively has the radio been developed that telegraph wires these days seem something of an anachronism.

## BUSINESS STATISTICS

From The Toronto Globe

An extension of service is announced by the Dominion Bureau of Statistics by which information of value to business will be distributed monthly. It will include statistics indicating business conditions, such as wholesale prices, employment figures, production and construction operations, trade movements, business failures, bank debits and clearings, as well as other banking and currency factors and movements of stocks and bonds. In view of the amount of information which business concerns are called upon to forward periodically to Government Departments, return information which may help in an appraisal of general business conditions will doubtless be appreciated.

Statistics, however, do not always bear the same interpretation. It is doubtful if fluctuations in wholesale prices, for instance represent any longer, as they are supposed to, the balance between supply and demand. It is more probable that they indicate changes in the cost of doing business. Most firms are operating with a minimum of margin, trusting to volume to increase profits. It is here statistics would be useful, in indicating the extent of the market for a given commodity. Lacking these, manufacturers hesitate to produce, not knowing how far away or how near the saturation point may be. Distributors hesitate to stock up for the same reason. While the purchasing ability of a district may be estimated, there is little to show how expenditures are apportioned. If the Bureau could give monthly information as to what the public is doing with its money, business would be very much interested.

## SCOTTISH CONCERT DANCERS

To the Editor:—I would just like to correct the report on the Scottish concert, which states the dancers were my pupils. Miss Grace Gray was the only one of my pupils appearing on Wednesday night.

MONA JEWELL.

## BUY QUEEN CONTEST TICKETS

To the Editor:—Will you allow me, through the medium of your columns, to make an earnest appeal to the citizens for a much greater measure of support than has been given so far towards making the above celebration a success. The most direct and effective way of helping now and for the next few days is to buy and to boost the queen tickets, and not say they are too dear or find some other fault, for that would be criticism when help is what is needed. As some of the most important proposed events are non-revenue producing, the executive must of necessity depend largely upon the queen contest to bring in sufficient to finance that part of the celebrations which are not revenue producing.

An exceedingly attractive programme of events has been arranged for May 21, 22 and 24 which, if carried out in full, will be in keeping with what Victoria can do, and does do when we all do our best. But so far I am disappointed at the want of enthusiasm and lack of interest shown by the public.

Personally, I absolutely refuse to go in debt, and the citizens can only expect to get the brand of celebrations they are willing to pay for. I shall call the finance committee together early next week when the whole question will be very carefully gone into. The executive can then make the final draft of the programme according to the means at their disposal.

JNO. HARVEY.

Chairman, May 24 Celebration Committee, 120 St. Andrews Street, Victoria, B.C., May 13, 1926.

## Health and Disease

## HOUSEMAID'S KNEE

No confirmed bachelor, housemaid's knee is not caused by rolled stockings or anything of that sort. In fact, it may be said to be a conscientious or honorable badge of ability to work hard. It is an inflammation of the small bag lined with membrane located on the knee cap for its protection. Thus the conscientious housewife who got on her knees to scrub floors very often contracted housemaid's knee. The continued pressure on the knee cap bent in this manner has a way of producing inflammation and thickening of the tissues about the knee cap.

We must give thanks to the fertile minded inventors of our race that this trouble is not as widespread as formerly. The innovations of patent mops, vacuum cleaners, linoleums and hardwood floors have largely banished the drudgery of scrubbing floors by hand. Strange to say housemaid's knee has changed its gender and is now more common with men, such as those who lay floors and covering. The treatment, when this condition first begins, consists of rest, a firm bandage and the avoidance of kneeling. If your occupation makes this impossible or the swelling persists in spite of treatment, then an operation to remove the bag on the knee cap is necessary. This operation is comparatively simple and the results from it uniformly satisfactory.

THE B.C. MEDICAL ASSOCIATION.

Victoria, May 14.—5 a.m.—The barometer is rising over this Province and rain has been forecast for the coast. Higher temperatures are reported in the prairies.

## Reports

Victoria—Barometer, 29.95; temperature, maximum yesterday, 57; minimum, 50; wind, 12 miles S.W.; rain, .14; weather, fair.

## No New Identity Papers for Settlers

Geneva, May 14.—Canadian delegates to the International Passport Conference led the opposition against a proposal that identity papers be issued to all emigrants on their departure from their native land, with the result that the proposal was unanimously rejected at yesterday's session of the conference.

## Do You Mean What You Say?

The Register and Tribune Syndicate, Des Moines

## "STUMP SPEECH"

During the reconstruction years following the Civil War, candidates for political offices travelled about the States speaking to negroes at any place where a gathering was available. These speakers used tree stumps as a platform, which gave rise to the expression "stump speech." The listeners were expected to be moved by the oration to contribute to the speaker's cause, and were in the habit of placing their money donations on the tree stump after the speaker had left it. This was called "stumping up," and from it was also derived the expression "stumped," meaning that a person had nothing further to contribute either in cash or other form of support. "Stump speech" is now applied to nearly all political addresses, although the stump platform, of course, is gone.

## A RECEPTION In Honor of Their Excellencies

Baron Byng of Vimy, Governor-General of Canada, and Lady Byng

Will be held in the Legislative Chamber, Parliament Buildings, on

Saturday, May 15

at 9 o'clock, p.m.

On behalf of the people of British Columbia a Farewell Address will be presented to Their Excellencies by the Hon. John Oliver, Premier, to which His Excellency will reply. The public will file through the Chamber for presentation to Their Excellencies. Dress, INFORMAL. The Galleries of the Chamber and the Provincial Library will be thrown open for the convenience of those present.

By Command. J. L. WHITE.

Deputy Provincial Secretary.

## Canadian Questions and Answers

## SAULT STE. MARIE

Q.—What is the history of Sault Ste. Marie?

A.—From Canada's earliest days, when the canoe route via the highway to the Great West, Sault Ste. Marie has always been a strategic point on the charts of Canadian trade. And then, when Western Canada began to be settled, and began to send its abundant wheat harvests to the waiting markets of the world, Sault Ste. Marie became a world port, because nearly all the grain went past its door. Sault Ste. Marie has one of the busiest canals in the world, a canal that, constructed to overcome the twenty-one foot drop from Lake Superior to Lake Huron, now sees every year an enormous traffic of grain boats and ore boats coming and going. For some years, the canal has had a greater volume of tonnage-traffic than either the far-famed Suez or Panama canals.

## DEVELOPING RADIO

Q.—What is Canada spending on radio?

A.—The sum of \$114,380, to provide for the general improvement of reception conditions in licensed broadcast stations is placed in the last Dominion estimates.

Provision for the Dominion Government radio-telephone services and for the construction and maintenance of radio-telephone ship-to-shore stations amounting to \$438,970 is made in the estimates. This amount is \$61,930 less than the provision made at the last session of Parliament. The sum placed in the estimates provides for the general administration of the provisions of the radio item and regulations throughout the Dominion.

## M.P.'S VISIT TO MARITIMES IS POSTPONED

Ottawa, May 14 (Canadian Press).

The projected visit of members of Parliament to the Maritime Provinces, set for the week in which Victoria Day falls, has been postponed indefinitely. Owing to the difficulty in forecasting a sufficiently long period in which no important divisions might occur in the House of Commons, members found it difficult to arrange their affairs to make the tour.

## APPEAL COURT TO SET PLACE FOR TRIAL

Maj.-Gen. A. D. McRae Objects to Hearing of Hon. W. Sloan's Suit in Nanaimo

Vancouver, May 14.—Announcement was made to-day by Mr. Justice W. A. Macdonald that he would on Monday next render judgment on Maj.-General A. D. McRae's application for a change of venue from Nanaimo of the trial of Hon. William Sloan's claim for \$50,000 damages for alleged libel.

The plaintiff has requested trial by a special jury. Indications are that Mr. Sloan would appeal an order for a change of venue and that General McRae would appeal a refusal to grant the change. In this way, the matter will come before the Court of Appeal, which is to sit at Victoria in June. The trial, which has been fixed for the Nanaimo sittings on June 1, in that event, would not proceed.

## PRISONER ESCAPES IN RAILROAD YARD

Moose Jaw, Sask., May 14.—While being conveyed under arrest from Oshawa to Calgary, Fred Martinovitch escaped from custody here at 1 o'clock this morning.

Martinovitch was in charge of Detective Ernest Schoppe of the Alberta Provincial Police, and during the train journey feigned sickness, with the result that he persuaded his escort to remove the handcuffs from one wrist. On the same plea, as the train reached Moose Jaw, he succeeded in getting the detective to loosen the cuff on the second wrist. The man was taken from the train here for some coffee, and took advantage of the opportunity to jump between two trains standing at the station. The detective fired two shots at the man as he ran between the trains, and a third bullet was fired at him as he emerged into the open yard and it is believed he was hit. A yard engine in the vicinity was letting off steam, and Martinovitch used that as a smoke screen. No trace of him has been found. Martinovitch is said to be well acquainted in this city and it is thought he is being concealed by some of his countrymen. He is wanted in Calgary on a charge of jail-breaking and was identified at Oshawa by his finger-prints when recently arrested.

### Golfing Doctors at Vancouver Tourney

A golf match was played in Van-  
couver yesterday between members  
of the Seattle and Victoria medical  
societies and those of the Vancouver  
Society. Among the Victorians who  
were on the mainland for the game  
and who returned to Victoria this  
morning were Dr. D. M. Baillie, Dr.

Douglas Hunter, Dr. Boyd, Dr.  
Scott-Moncrieff, Dr. A. E. McMick-  
ling, Dr. H. E. Ridewood, Dr. Her-  
mann Robertson, Dr. Russell Robert-  
son, Dr. Stuart Kenning and Dr.  
Maunsel.

### LAUNDERING LINGERIE

Silk articles should always be  
washed in tepid water with the mildest  
possible soap. They should be  
rinsed in the same temperature.

### BEDTIME STORY

#### Uncle Wiggily's Loaf of Bread

Copyright, 1926, by McClure News-  
paper Syndicate

By HOWARD R. GARIS

"Here, Scooter!" called Mrs. Long-  
ears, the rabbit lady, to one of her  
little bunny boys on Friday after-  
noon, when school was out. "Here,  
please!"

"What do you want, Mother?"  
asked Scooter, who had his baseball  
and bat under his paw. "Do you want  
to give me a piece of pie?"  
"Goodness sakes! No!" laughed  
Mrs. Longears. "I want you to go to  
the store and get a loaf of carrot  
bread. There isn't a bit in the bun-  
salow for your father's supper.  
Hurry now, like a good bunny!"

"Oh, Mother! I don't want to go  
to the store!" whined Scooter. "Why  
can't Tooter go?"

"No, I can't go! I'm going to play  
marbles!" said the other little rabbit  
who was rattling the glass agates  
in his pockets.

"And I'm going to play ball," said  
Scooter.

It wasn't because the little bunnies  
didn't love their lady that they  
didn't want to go to the store. Oh,  
no! It was just because they were  
so eager to go off and play after  
school.

"Some one must get the loaf of  
bread from the store," said Mrs.  
Longears. "I think the best way will  
be for Scooter and Tooter to go  
together. Two rabbit boys ought to  
be able to do it more quickly than  
one. I know Scooter can hop very  
fast, and I am sure Tooter can  
whistle some jolly tunes on the way!"

Mrs. Longears smiled at the bun-  
nies. Scooter had been so named  
because he was a fast jumper, and  
none of the animal lads in Woodland,  
near the Orange Ice Mountains, could  
whistle any better than Tooter, who  
was specially so called.

"Yes, I can hop very fast," said

Scooter and Tooter  
chased after it.

Scooter a bit proudly, but not too  
much so.

"And I am a good whistler," added  
Tooter a bit proudly, but not too  
much so.

Forgetting, for a time, their base-  
ball and marbles, the little rabbits  
hopped off to the store and soon had  
bought a round loaf of carrot bread.

"But who is going to carry it?"  
said Tooter to Scooter. "I'm not!"  
"Neither am I!" said Scooter to  
Tooter, and it looked, after all, as if  
Uncle Wiggily would have no bread  
for supper when the store man said:

"The bread loaf is round, why not  
take turns rolling it like a hoop?"

"Oh, that will be—jolly fun!"  
shouted Scooter and while his brother  
was whistling a little tune, the other  
bunny stood the loaf of bread up on  
the edge, gave it a push and down  
the hill it went rolling, with Scooter  
and Tooter chasing after it.

"What jolly fun!" cried Tooter,  
whistling louder than ever.

"I'm glad mother let us go for the  
bread!" laughed Scooter. "It's almost  
as much fun as playing ball."

"It will be my turn to roll it down  
the next hill," said Tooter.

"Yes," agreed his brother, and then,  
looking toward the rolling, round  
loaf of Uncle Wiggily's bread, Scooter  
cried: "Oh, see! It's gone in the  
brook!"

"And, truly, that loaf of  
bread had rolled right into the water  
with a great splash."

When the boys got to the foot of  
the hill, there was the bread trying  
to swim in the brook, and getting  
quite soaked while doing this.

"Oh, dear! What shall we do,"  
cried Tooter.

"Such a lot of trouble!" sighed  
Scooter.

"Ha! Who is talking of trouble?"  
asked a jolly voice behind the bushes.  
"I like to help folks out of trouble!"

And along came jumping Uncle Wig-  
gily himself, the daddy of the rabbit  
boys. "What's the matter?" he asked.

"Look!" cried Scooter and Tooter,  
pointing to the bread in the brook.

"It was for your supper," added  
Tooter. "And we rolled it down  
hill!" said Scooter.

"Oh, don't worry about this,"  
laughed Uncle Wiggily. "I'll get this  
out and we'll dry it in the sun and it  
will be as good as ever." So he  
fished the loaf out of the brook, using  
his red, white and blue striped rheu-  
matism crutch as a pole, and soon  
the hot afternoon sun had made the  
bread as dry as toast. Then the  
bunny gentleman and the little rab-  
bits took turns carrying it home to  
the bungalow and all was well.

And if the telephone doesn't talk  
to itself and wake up the radio, after  
the phonograph has put it to bed, I'll  
tell you next about Uncle Wiggily's  
leaky roof.

**ZION LEADER**—Chief Rabbi  
M. M. Epstein, dean and founder  
of the Sholom College of Hebrew (Tal-  
mudical College) of Hebron, Pal-  
estine, has arrived in this coun-

### WOMEN OF B.C. TO SAVE WILD FLOWERS

Shirley Institute Urges Cam-  
paign be Made Province  
Wide

Members of the Shirley Wom-  
en's Institute will join in the  
campaign recently launched for  
the preservation of the wild  
flowers of British Columbia and  
will endeavor to enlist the in-  
dividual support of every woman  
in the Province to their purpose.

Mrs. W. J. Milligan gave a five-  
minute talk on the necessity of pre-

serving the wild flowers, at the regu-  
lar meeting of the institute, held at  
the home of Mrs. Percy Clark. The  
secretary was instructed to write to  
the Department of Agriculture sug-  
gesting that the Women's Institutes  
throughout the Province be asked to  
use their endeavors individually to-  
wards this end. The women, it was  
pointed out, are in close touch with  
the children who can be discouraged  
from picking vast quantities of the  
wild flowers, and from breaking off  
the branches of the dogwoods and the  
flowering currants especially. Adults  
are also too often guilty of thought-  
lessness in this connection.

This institute imposes a fine of 5  
cents for each offence when a mem-  
ber fails to bring her ribbon badge to  
wear at the meeting, and there is  
much merriment over the collection  
of same from the forgetful ones.

A card party has been arranged  
for Saturday evening, May 15, at the  
home of Mrs. H. J. Kirby, in aid of  
the funds of the Solarium for Crip-  
pled Children. The institute ladies

will provide the refreshments and  
a pleasant time is assured all who  
attend. There was a good attend-  
ance and the president, Mrs. J. Sulli-  
van, was in the chair.

Arrangements for the institute lib-  
rary were proceeded with, a friend  
sending a gift of books, whose kindly  
thought was much appreciated. A  
vote of thanks was passed to the  
donor.

Mrs. Clark, to whom a cordial vote  
of thanks was passed, served re-  
freshments.

### HOLIDAY FIGHTS TO-NIGHT

Vancouver, B.C., May 14.—Primed  
for the most important battle of his  
short but sensational career, Harvey  
Holliday, the young Vancouver fly-  
weight, who meets Demon Runyon of  
California in the headline bout of  
Jack Allen's triple main event card  
at the Arena to-night, knocked off

training yesterday owing to the ex-  
tremely warm weather.

Runyon arrived in town yesterday  
from Portland accompanied by Al  
Gracio, the Spokane lightweight, and  
Jimmy Darcy, who box Harry Why-  
brow and Joe Wilson, respectively, in  
the remaining two six-round bouts of  
the card.

That Runyon is no palooka is  
shown by his California record of  
having met such boys as Frankie  
Grandatte, Frankie Novey, Bobby  
Mara, etc. Runyon, who has agreed  
to make 115 pounds, will have a four-  
round weight advantage over the  
Vancouver youngster.

In the remaining two four-round  
bouts on the card Gordon Wallace  
meets Art Dolby of Seattle, and  
Nodge Margi meets Arnold Bertram.

### QUILTED IN SILVER

One of the loveliest imaginable  
wraps for evening is made of delicate  
lavender taffeta quilted in silver  
threads and collared with grey fox.

**DOMINION**  
*Inlaid*  
**LINOLEUM**

Any Hostess would be  
Proud of this Floor,

Among the distinctive features that go to make up a  
really attractive home, none is more effective than  
Dominion Inlaid Linoleum. It makes a truly impres-  
sive floor, different, dignified, rich in tone and colour-  
ing. With many designs to choose from, Dominion In-  
laid Linoleum affords a wonderful setting for furnish-  
ings and hangings and is an ideal background for  
woven rugs.

And Dominion Inlaid Linoleum is practical, too. It is  
firm, smooth and seamless — therefore easily cleaned  
and kept clean. The colours go right through to the  
strong burlap back so you cannot wear them out. Made  
in Canada, Dominion Inlaid Linoleum is moderately  
priced. It enhances the beauty of any room and saves  
hours of needless housework.

Made by the manufacturers of the famous  
Dominion Battleship Linoleum

At Departmental & House Furnishing Stores

**Other  
Dominion Floors**  
Dominion Printed Lino-  
leum in widths sufficient  
to cover any ordinary  
room from wall to wall,  
without seam or crack, is  
unusually durable and low  
in price. Made in a wide  
range of attractive de-  
signs. Or, if you prefer,  
choose Dominion Lino-  
leum Rugs in popular  
sizes. Equally attractive  
and durable, they cost but  
little and lie flat without  
fastening of any kind.

### HELP YOURSELF TO HEALTH

*W.K. Kellogg*

In all the world—no  
flavor like Kellogg's

**GOLDEN-CRISP flakes of corn.** So  
tempting! So good—and the flavor is  
simply supreme!

With milk or cream. Fresh or pre-  
served fruit. A treat any time!

Kellogg's are the original corn flakes.  
Light and easy to digest. Never tough  
or leathery.

Children love them! Serve Kellogg's  
for lunch. Order them on the diner.  
At cafeterias.

Sold by all grocers. Served at all  
hotels and restaurants.

**Kellogg's**  
CORN FLAKES

Over-fresh ALWAYS  
in Kellogg's patented inner-  
sealed cereal wrapper.

Instructions cannot bring you such wonder-  
ful—such crisp, crunchy flakes. The  
secret is in the inner-sealed wrapper  
of the original.

## EGYPTIAN TOMBS VIVIDLY DESCRIBED BY LOCAL VISITOR

## Woman Missionary's Letters Tell of Visit to Valley of Kings

Years of work in the Near East in the land of ancient ruins, living among the Arabs and for years at a time scarcely coming into contact with more than a few white people is the lot of Mrs. H. E. Randall, sister-in-law of Mrs. H. A. Liffitt of 536 Harbinger Avenue, Victoria. Mrs. Randall has never resided in Victoria but she has several times visited the city during the fortnight to Canada which have interspersed her colorful life, side by side with her husband, for the Pentecostal mission.

## VISITED LUXOR RUINS

Visits to the tombs where the ancient kings of Egypt sleep, to the ruins of Luxor and the Valley of the Kings are vividly described in letters which Mrs. H. A. Liffitt frequently receives from her brother and her sister-in-law. Part of the last letter received runs: "I enjoyed my trip to Luxor very much, and was really astonished to see such wonderful things, it being so wonderful that I had imagined, although Faith had told me about it after her trip of several years ago. There are three principal places to visit there: the ruins at Luxor, the Valley of the Kings, and the Valley of the Kings, on the other side of the river, and two hours' ride by donkey, or by car, to the Valley of the Kings, the ruins of ancient temples, where you see the great columns standing, and an obelisk.

"One picture represents a sea with a boat sailing, and the fish swimming underneath. The coloring of the paintings is still clear, and the shades are beautiful. If we were together I could tell you about the sacred lake that still there where the sacred boat used to be floated with the king as a part of worship, the picture of the boat to be seen in a number of places, and many other things.

## TUTANKHAMEN'S TOMB

"The Valley of the Kings is where the tombs are, and we went into Tutankhamen's tomb which is lighted with electricity, as some of the others are also. The gold coffin of that tomb is now in the museum here at Cairo, and Faith has seen it. However the tomb of Ramses II. is much larger than the above mentioned, there being seventy steps to reach the bottom. It is dug on an incline into the side of the mountain, and the walls and ceilings are also covered with that strange writing, and beautiful coloring.

"You can see where thieves have stolen pieces of the walls, having cut out with saws pieces of perhaps two feet square out of the rock. This king must have spent a good part of his life building his tomb. At that

(Continued on page 13)

## W.I. DONATION TO AID POTATO SHOW

The monthly meeting of the Women's Educational Club was held at the home of Mrs. MacLachlan, 3021 Quadra Street, on Thursday afternoon.

Ira Dilworth gave a splendid address on "Contemporary Poetry." In the course of his remarks he compared the poets of the eighteenth century with the present day writers. "Democracy," he said, "has filtered into modern poetry. All changes of writers feel they have the right to express themselves in their own particular way. Are our writers of to-day actually poets or are they glorified prose writers? Free verse poetry is a term borrowed from France and brought into England."

Mr. Dilworth divided his subject into three phases of poetry—nature, war and child poetry. The speaker said child poetry has never been understood as it is to-day. Mr. Dil-

worth read extracts from several poets illustrating the different points of his address, quoting principally from Walter de la Mare, Rupert Brooke, Robert Nichols and Robert Louis Stevenson.

Mrs. Slater sang two solos and Mrs. Ramsey gave a reading from Kipling. Refreshments were served. The club will hold a garden party at the home of Mrs. David Spencer Jr. early in June. The date will be announced later.

Social for Solarium.—Victoria Review No. 1 N.B.A. held their first meeting of the month on May 11. Commander, Mrs. Bland, in the chair. The next meeting takes place on May 22, after which a social will be held, commencing at 8.30, in the K. of C. Hall, Government Street. Everyone is invited, and members may bring their children. All members are also asked to bring a parcel to be sold at a mock auction during the evening. The proceeds will go to the Queen Alexandra Solarium for crippled children.

LADY DOUGLAS CHAPTER MEETING

Mrs. R. B. McMicking, regent, presided at the regular monthly business meeting of the Lady Douglas Chapter, L.O.E., held on Thursday, May 13, at the Victoria Clubrooms, Campbell Building. Mrs. Albert Griffiths was nominated as the chapter's delegate to the national annual meeting on June 7. The chapter's share in the celebrations for Queen Victoria's birthday, May 24, will take the form, in part, of providing the inscription on the lawn in the harbor, as in former years, and attending the service in Parliament Square on Sunday at 10 a.m. May 23. The soldiers' graves will also be decorated by the kindness of Mrs. Chisholm, in the absence of the convener, Mrs. T. Brown was able to supply a layette to the Municipal Chapter, L.O.E., at very short notice, which was required by the Jubilee Hospital for an emergency case. Mrs. J. D. Gordon accepted nomination as the chapter's representative to the Local Council of Women, and explained in a very interesting way some of the business that is to come before the next annual meeting of the National Council of Women, which is to be held this year in Vancouver, B.C. in June. Members were urged to take the opportunity of being able to attend this important meeting.

## YOUR BABY and MINE

By MYRTLE MEYER ELDER

Mrs. Elder will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

## AN ALLEGED DANGER

This department is in receipt of a clipping which I am printing: "The French chamber of deputies was engaged in the defense of the infants of France from the alleged pernicious effects of rubber nipples."

The deputies voted to abolish rubber nipples throughout France and her colonies within three months. M. Pinard declared the use of the rubber nipples exposed the babies of France to dangers ranging from stinking to poisoning.

The reader who sent in this clipping wants to know just what are the dangers of the use of rubber nipples and what other kinds can be used.

The article bewilders me, for if there are other nipples than the ones in common use now, it is news to me. It is quite possible that the nipple referred to is the one called most frequently "a pacifier" and is a nipple attached to a piece of celluloid and is quite possible that the means of use on a bottle. There is small doubt that the use of such a contrivance to still the cries of a hungry or over-tired baby is a means of danger to the child. It is one

of the causes of over-developed adoids, and their train of ill: "buck teeth" and in addition subjects the child to the dangers of infection from a nipple dropped carelessly on dirty floors or filthy streets. The mother who would use a pacifier, instead of seeking out reason for her infant's irritability, would be exactly the same person to whom a little dirt more or less would be of little consequence. Her imagination would not be vivid enough to see the millions of germs which might be transferred from the dirty street by means of a wet nipple. The French deputies may have the nipple in mind which was at one time in use but has long since been discontinued and that is the one with a long glass stem leading from the nipple to the bottle. The impossibility of keeping such a nipple clean and free from the danger of infecting the child was the immediate cause for its falling into disrepute. The wide mouthed nipple, a nipple clean and free from the danger of infecting the child was the immediate cause for its falling into disrepute. The wide

mouthed nipple, a nipple clean and free from the danger of infecting the child was the immediate cause for its falling into disrepute. The wide

## AT THE THEATRES

### REVUE TO-NIGHT IS PRODUCER'S BEST

Two Acts and Thirty Elaborate Scenes in "The Scandals"

George White, producer of the world's famous "Scandals," has presented some really wonderful revues in the past, but excels himself in his sixth edition, which comes to the Royal Victoria to-day and Saturday, with Saturday matinee. His current

### AT THE THEATRES

Columbia—"The Storm Breaker," Capital—"Mlle. Modiste," Dominion—"Skinner's Dress Suit," Coliseum—"Here Comes the Bride," Playhouse—"The Baby Doll."

show is in two acts and thirty elaborate scenes. Some of the scenes are the last word in gorgeousness. "A Garden," "Araby," "Year After Year," in which a picture of a radiant bride is followed by successive views of her on the silver, golden and diamond anniversaries, are scenes which have cost many thousands to stage.

### FAVORITE ACTORS IN "STORM BREAKER" ON COLUMBIA SCREEN

Practically every member of the cast in "The Storm Breaker," Universal-Jewel production, now showing at the Columbia Theatre, had stage experience before entering pictures. And many of them were as great a favorite on the speaking stage as they are to-day on the screen.

House Peters, the star of this great production, had a most varied and interesting stage career. After being mustered out of the army at the end of the Boer War, the young veteran took to acting. One of his big successes was in "The Squaw Man," but he has played everything from "East Lynne" to "Ten Nights in a Bar Room" to William Shakespeare's immortal dramas.

### CAPITOL PICTURE IS MATERIALIZATION OF COMPOSER'S HOPE

Although Victor Herbert, the famous composer, is not here to enjoy it, one of his fondest dreams has at last come true. "Mlle. Modiste," his favorite opera, which he had

### CHINESE HID FACES WHEN MOVIE CAMERAS STARTED TO OPERATE

One of the big scenes of "The Beautiful City," Richard Barthelmess' newest picture showing all week at the Playhouse as a First National attraction, takes place in a Chinese theatre on New York's East Side.

For these scenes Barthelmess' studio staff reconstructed the actual Chinese theatre now in operation in the Bowery of old Manhattan. The Chinese company playing at the theatre was engaged for two weeks and several hundred Chinese were signed up to play members of the audience.

All this was comparatively easy. It was not until the actual camera work started that Mr. Barthelmess' staff encountered genuine difficulties. Then the cameramen were confronted with the deep-rooted Chinese dislike of photography. Here and there through the audience the Chinamen would hide their faces when they heard the camera grinding.

### FINISH AND POLISH TO COLISEUM SHOW "HERE COMES BRIDE"

"Here Comes the Bride," at the Coliseum, is smooth-easy comedy that goes right over from the start. An intriguing theme, an unusual plot and a well-arranged story sparkling with clever dialogue are the excellent material on which the company has to work, and the fourteen people engaged in the production are exceedingly well cast. In addition to the principal roles the smaller parts are all examples of good acting, and the whole show is presented with a finish and polish typical of all Ed. Redmond's productions. "Here Comes the Bride" is proving one of the most acceptable he has yet staged.

### GEORGE JAY SCHOOL CONCERT TO-NIGHT

The announcement is made that the violin classes demonstration to-night at the George Jay School auditorium will commence at 8 o'clock, the concert concluding in time to connect with all city street cars. The second part of the programme will include some choruses by pupils of George Jay School; folk-dances (by request) by students of South Park School; and two moving pictures, "A Trip on the C.N.R." and a "Comedy," shown by Principal Hall. Admission can be made at the doors after 7.30 o'clock. Judging from the ticket sale another large turnout of interested people is anticipated.

### TIGHTENING THE EARTH'S BELT

An effort to encircle the globe in a shorter time than it was ever done before has been begun by John Goldstrom, aviation writer, shown standing beside the plane above, and Morris Titterton (inset), aeronautic engineer. They sailed from New York on the Aquitania and expect to do all their overland traveling by airplane. The present round-the-world record is 35 days, 21 hours and 35 minutes.

### EVERY FROCK ITS CAPE

Capes have become so very fashionable, particularly in this material for thin frocks, that Paris houses are showing an accompanying wrap for almost every costume.

### TWO ARRESTED IN CANTON RELEASED

U.S. Woman and Man Accused of Smuggling Chinese Into Hongkong

Canton, China, May 14.—A United States firm has been involved in a new and apparently more stringent phase of the Canton radical anti-foreign strike and anti-British boycott. Mrs. W. F. Cary, wife of the head of Cary & Company, an employee named Shaw and some Chinese assistants were arrested by the strikers, charged with smuggling Chinese into Hongkong, forbidden under the boycott against the British port.

Prompt action by the United States consulate secured the release of Mrs. Cary and Shaw, but the Chinese still are held.

The strikers are making large seizures of cargoes, claiming the goods are arriving up the Canton River from the boycotted port of Hongkong.

### TRY MAGNESIA FOR STOMACH TROUBLE

To Neutralize Acidity and Fermentation. Prevents Indigestion, Sour, Gassy Stomach

People who suffer from indigestion usually have tried the peppin, charcoal, drugs and various digestive aids and know these things will not cure their trouble—in some cases do not even give relief.

But before giving up to chronic dyspepsia, just try the effect of a little Bisulphate of Magnesia—not the ordinary commercial carbonate, citrate or sulphate, but pure Bisulphate of Magnesia which you can obtain from practically any drugist in either powder or tablet form.

Take a teaspoonful of the powder or four compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat. You can enjoy your meals without a fear of indigestion. (Adv.)

## A PLAIN STATEMENT OF FACT

To the Thousands who will Buy Tires in the Next Few Weeks

When a great company knows within itself that it has accomplished something outstanding, it has a duty to the public, to its past customers, and to itself, to let that fact be known.

So we make this statement: that there is more mileage in Goodrich Silvertown Cords this year than in any tires this company has ever built.

To have surpassed all previous standards of excellence is an accomplishment. For Silvertowns have always been the sum total of tire excellence.

This accomplishment is one of patience and careful attention to small things—small things which make a tremendous total. It is based, not on the introduction of any revolutionary new principle, but upon consistent improvement in the tire which has already proved itself "best in the long run."

With full realization that the word involves comparison, we pronounce the present Goodrich Silvertowns the finest tires ever made by Goodrich; finest in design and construction.

This statement is made with the knowledge that our files contain many letters from past users—motorists who have secured 15,000—25,000—35,000 miles from individual tires and sets of tires in previous years.

To you who are now considering the purchase of tires, we urge that you consult the Goodrich dealer and let him apply the Silvertowns best designed for your personal motoring requirements.

## WILL ASK AID IN UPKEEP OF ROAD

Delegation to Wait Upon Dr. Sutherland This Afternoon

Reeve Robert Macdonald of Saanich and J. L. Beckwith of Victoria were deputized to wait upon the directors of the Chamber of Commerce to-day, to urge that the government give some assistance in the road leading from the West Saanich to Butchart's Gardens.

This road was traversed by thousands of automobiles annually and as Mr. Butchart had actually spent many thousands of dollars in constructing a garden for the public benefit, it was the least the government could do to make access to the gardens possible.

This present condition of the road was bad, said Saanich representatives.

## MAYOR ADVOCATES WATER SUPPLY FOR THE WHOLE OF SAANICH PENINSULA

(Continued from page 1)

James Island people were actually considering the barging of water from the mainland of Vancouver Island.

In Sidney, too, great difficulties were encountered owing to the inadequate supply of water. Sidney was a thriving mill town. It needed water.

"Let us get together and get water out there," pleaded Mr. Todd. "But," he added, "we cannot expect anybody to undertake the expense of this business alone. Instead of sending a few carloads of fruit away from here, we could send train loads there. Industries would benefit in the same way."

Mr. Todd told of the Gordon Head water supply and how it came about that that district got its water, after

## NEWS IN BRIEF

The regular monthly meeting of the Victoria district members of the B.C. Goat Breeders' Association will be held in the Y.M.C.A. on Monday, May 17, at 8 p.m.

J. G. Forster and Thomas Jones, newly-elected members of the Tourist Trade Group of the Chamber of Commerce were present at the weekly luncheon meeting to-day.

Sir Percy Lake, president of the Canadian Legion of the British Empire League, will deliver an address to-night to the members of the Naval Veterans' Association, at a meeting to be held at the Sailors' Club, Esquimalt, at 8 o'clock.

The May Day ball will be held this evening at the new Foresters' Hall at 9 o'clock, when Charlie Hunt's augmented orchestra will supply the latest in dance music. Dress optional and tickets may be obtained at the door.

An application for a beer selling license at a premises on the Malahat Drive was opposed by a resolution of the board of directors of the Chamber of Commerce to-day. This resolution will be forwarded to the Liquor Control Board.

At the request of a great many patrons and members of the committee of the C.P.R. Social Club has decided to hold one more dance before the season closes. The dance will be held at the Empress Hotel on Monday, May 24, and will run from 8.30 to midnight.

Mayor Pandey, Aldermen Brown and Woodward, members of the city's water committee, held a special session at 2 p.m. to-day, in conference with the water advisory group, including A. E. Todd, P. M. Preston and D. A. Macdonald. The business of the meeting was to discuss the city's stand in relation to the Oak Bay water dispute. Both sides remained silent to-day, preparing for the next move in the case.

Complaints from the B.C. Automobile Club as to the speed that B.C. Electric street cars traveled in some parts of the city, were received by the Board of Police Commissioners yesterday afternoon. It was pointed out that the speed limit for all street cars was eighteen miles per hour. Chief of Police John Fry was deputed to interview the Traffic Manager of the B.C. Electric with a view to having this alleged condition remedied.

Completing arrangements for the entertainment of the party of eastern C.N.R. tickets agents, which will visit Victoria to-morrow afternoon on their tour of education throughout Canada, the Tourist Trade Group of the Chamber of Commerce to-day appointed a committee of four of their members to accompany the tourists on a tour of Victoria and Butchart's Gardens. Those appointed to entertain the visitors were: C. French, C. P. Hill, H. G. Palmer and J. G. Forster.

The Naval Veterans, new the naval branch of the Canadian Legion of the British Empire League, held a meeting at the Sailors' Home, Esquimalt, last evening to elect Percy Lake, president of the Dominion organization. The meeting will take the form of a smoker and will be held at the Sailors' Home commencing at 8 o'clock. At this meeting the delegates to the Vancouver convention will report upon the proceedings there. It is requested that there be no meeting at the same time. All members and ex-naval men wishing to become charter members of the branch may do so at this meeting.

The regular monthly meeting of the Victoria West Parent-Teacher Association was held in the school on Tuesday evening last and took the form of a social. A community singing was carried out under the direction of G. Green, assisted by Ivor Parfitt. This was followed by a variety of games and refreshments. Refreshments were served at the close of the evening. The arrangements were capably carried out by a committee consisting of Mr. Collins, Mrs. Mercer, Mrs. Mowry and the teachers of the school. There was a very generous response to the request for cakes and sandwiches, and the committee wish to thank the donors.

Differences between the Esquimalt School Board and Miss Gladys Farnall are the subject of a claim by the former in the County Court to-day. Plaintiff sues for recovery of remuneration said to have been withheld. On the stand this morning Miss Farnall told of a trip to her home at Bradford, England, for the purpose of undergoing a major operation by specialists. Plaintiff contended that she was able to do so, it was stated. Remuneration for the period of her absence was refused by the defendants, leading to the lawsuit now instituted. H. Scherer appears for the School Board, and O. J. Boulton for Miss Farnall. Hearing continues with many witnesses to be heard.

**WIDOW LISTENS TO STORY OF TRAGEDY**

Young Japanese Woman Hears How Husband Took Life

Suicide is Coroner's Verdict In Case of Hiromi Ojima

Suicide was the verdict brought in this morning by the coroner's jury in the case of the young Japanese, Hiromi Ojima, who shot herself on Wednesday afternoon at her father's house, 1010 View Street.

Detectives Marcus Phillips and William Caldwell, who were called to the scene of the suicide immediately after the occurrence on Wednesday, told their stories as to what they found this morning. The dead man lay upon his bed. He had apparently sat upon his edge, taken his 32 calibre revolver, pressed it to his temple and pulled the trigger, they said. The bullet went completely through his head, blowing out his brains, and lodging in the wall of the room. Ojima fell back upon the bed dead. The widow was killed instantaneously, police believe.

It is believed that Ojima killed herself on account of family worries. His young and pretty little Japanese widow was at the inquest this morning in company with the young man's mother. Both were dry eyed and quiet. Their grief was well concealed. The widow of the unfortunate man, only recently discharged from St. Joseph's Hospital, where she had been confined until the day of her husband's suicide.

**Australian Eleven Easily Beat Hants In Second Innings**

London, May 14 (Canadian Press cable)—The Australian touring cricketers beat the County of Hampshire to-day by ten wickets. The score: Australia first innings, 371; second innings, 33 for no wickets. Total 404. Hampshire first innings, 152; second innings, 248. Total 400.

Continuing their second innings 278 runs behind, the Hampshire batsmen rather easily disposed of Mailey and McCartney accounted for most of the wickets. The Australians were set a trifling task and wiped off a thirty-run deficit without losing a man.

## NEW HYDROPLAN IN WASHINGTON

Washington, May 14.—License for a 16,000-horsepower hydro-electric power development plan on the Elwha River in Washington by the Northwestern Power and Lighting Company of Port Angeles, Washington, was authorized to-day by the Federal Power Committee.

## OLIVER ANSWERS ALL ARGUMENTS ON LAND GRANTS

Premier Files New Memorandum With Ottawa Supporting Return of Large Areas

Following his announcement that his campaign for the return of the Peace River Block and other railway grant lands to provincial control was not finished by any means, Premier Oliver to-day prepared another exhaustive memorandum on the question for presentation to the Federal Government.

The purpose of the Premier's new statement is to answer arguments advanced by officials of the Federal Government in opposition to the return of the grant lands. Quoting from official records, the Premier has answered all points raised in Ottawa during his visit in regard to the status of the railway lands.

The Premier will forward his new explanation of the case to Ottawa immediately.

## Treasure Hunt at New Westminster

Vancouver, May 14 (Canadian Press).—The Vancouver Evening Sun to-day published the following discovery from New Westminster:

"Persistent rumors of treasure trove in the New Westminster area, which have been passed on by old timers who refuse to deny or confirm reports that gold nuggets, buried sixty or seventy years ago by soldiers of the British army, have been located.

The story is that a large quantity of gold nuggets, valued at \$200,000 or \$300,000, was buried and buried by the soldiers. Gold from the Cariboo

## HOTEL LOBBY GOSSIP

**GOLFERS SWARM AT HOTEL**

The Empress Hotel looks somewhat like a great golf clubhouse since the arrival yesterday and this morning of champion Seattle golfers, who were come over to spend the week-end with a victory on the Club on the Oak Bay links.

Bon E. Stein, who has achieved an international reputation, came over in the party of Seattleites are Dr. C. B. Ford, H. A. Fleeger, A. S. Kerry, Theodore Owens, C. N. Russell, E. E. Campbell, M. McMillan, Charles Burnett, William McKinnon, J. P. McRae, S. G. Graham, H. C. Hubbard, G. A. Shannon, R. T. Stafford, Joshua Collins, W. J. Patterson, Mrs. K. A. Hayes, Mrs. T. A. Read, all of Aberdeen, and Mr. and Mrs. V. A. Marshall, of Seattle, are also over to take part in the entertainment.

**ANOTHER CONVENTION COMING**

Preparations are already being made at the Empress Hotel for another big life insurance convention which will take place in August when the New York Life will bring 200 of its staff here for a conference. The delegates will come from Oregon, Washington, Idaho, Montana, Wyoming, Alberta and

British Columbia, and will be those agents who write between \$150,000 and \$250,000 of business for the year.

J. Waterhouse, wealthy Honolulu man, is at the Empress Hotel to-day on a tour of the island. They are starting out on a tour up the island.

**MAINLAND PEOPLE HERE**

Mrs. A. E. Munn is over from Vancouver for a short holiday and has with her at the Empress Hotel Miss. E. Munn, of Vancouver, and Mrs. George Runyan of Los Angeles. Other Vancouver people here to-day are Mrs. D. G. Lindop, Mr. and Mrs. E. Taylor, who are at the Hotel Strathcona; Mr. and Mrs. H. Nobbs, Mrs. G. H. Worthington, Miss M. B. Patterson, who are at the Dominion Hotel.

Among the visitors from the East here to-day are Miss Mabel Lawrence of Winnipeg, Mr. and Mrs. G. S. Stephenson of Port William, who are at the Dominion Hotel; Mr. and Mrs. John Caulfield of Woodstock, who are at the Hotel Strathcona.

Mrs. G. O. Allen and Mrs. George Beveridge and Archie Hoag of New Westminster came over from the Mainland this morning and are at the Hotel Strathcona.

Mr. and Mrs. V. O'Neill of Duncan, C. March of Lake Cowichan, are among the island people at the Dominion Hotel.

country at that time passed through New Westminster.

"This gold is said to have been cached in an old well, location of which is described in an aged document said to have been recently discovered. Quiet investigations started and are stated to have revealed several nuggets, but all information is withheld by those in the know."

## URGES PRESERVATION OF NATURAL SCENERY

Tourist Group Would Save Area From Woodman's Axe

That Strathcona Park, as an asset to tourist trade, should be protected from extensive logging operations, was the opinion of D. W. Campbell, voiced at the regular luncheon meeting of the tourist trade group of the Chamber of Commerce this afternoon.

At present Mr. Campbell stated the lumber of the park is for sale and will soon be purchased by lumber interests. He urged that the government should be made to preserve some of the natural beauty of the island scenery.

The property is vital to the tourist life of Vancouver Island, stated Mr. Campbell, "and I think that a combined effort of Victoria, Vancouver, New Westminster and Nanaimo representatives should be made to preserve this beautiful spot."

Mr. Campbell suggested that a resolution be drawn up by the tourist group that the government be requested to expropriate timber in Strathcona Park and thus save at least one section of natural scenery.

Mr. Campbell was supported by C. P. Hill, who thoroughly endorsed his statements. It was decided to act upon Mr. Campbell's suggestion and Messrs. Campbell and Hill were delegated to confer with a committee of their own appointment and draw up a resolution which would be submitted to the group for approval at a later meeting.

## Wales and Ireland LEAD QUEEN CONTEST

Wales and Ireland are running a close race in the May Queen contest. Yesterday's totals showed that the Welsh and Irish princesses had both secured 42,000 votes, while England's standing was 28,000 votes, Canada 25,000 and Scotland 25,000.

Keen interest is being shown in the contest and it is anticipated that the totals will grow by leaps and bounds before the contest closes on Saturday at 4 p.m. It is expected that a great many votes will be cast at the last moment. Immediately after the contest closes on Saturday, the votes will be counted and the successful candidate for the Queen of May will be announced.

On Friday evening, May 21, a carnival dance will be held at the Crystal Garden, when prizes will be given for the best costumes. Three orchestras will furnish the music for the dancing.

Latest reports concerning the progress of the May Day celebration include the announcement that several four-oared sculling teams from Vancouver and Seattle will participate in the regatta.

## MRS. C. T. DUPONT DIES IN EAST

Former Well-known Resident Passed Away To-day at Gravenhurst

Private advices reached the city to-day of the death of Mrs. Mary Louise Dupont, widow of the late Major Charles T. Dupont, who passed away this morning at Gravenhurst, Ontario, after a long illness.

With her late husband, Mrs. Dupont resided in Victoria for many years until his death about a year ago, when she proceeded to England for an extended visit, accompanied by her son, Charles T. Dupont, who is now a student at the Royal Military College, Kingston. She had many friends in this city to whom her death will cause sincere sorrow.

The remains will be brought to Victoria for interment at a date to be announced later.

## CARD PLAYERS ARE FINED BY COURT

Taken in Police Raid, Inmates and Keeper of Gaming House Are Prosecuted

John Harman, charged as keeper of a gambling house, where a card game was being conducted, was fined \$200 in the city police court this morning by Magistrate Jay. Harman and five others were taken in a raid by police officers late last Saturday night and their case was heard this morning, with R. C. Lowe and Percy Walker appearing on behalf of the defendants. The five men who were charged as participants in the card game were each fined \$20.

Chief of Police Fry, together with his squad of constables, rushed the suspected gambling house at 1305 Government Street about midnight on Saturday. Magistrate Jay said that this sort of thing was going to be stopped by the police. Gambling games were not to be countenanced by the authorities, he declared.

## DEATH SUMMONS

WM. H. CABLE

William H. Cable, a resident of Victoria for the last six years, passed away at the Provincial Royal Jubilee Hospital, yesterday, aged thirty-two years. He was a native of England and resided at Shawinigan Lake before coming to this city. He is survived by one brother and four sisters in England. The body is resting at the Thomson Funeral Home, 1825 Quadra Street, from where the funeral will take place on Saturday

## RAIL BOARD COMING HERE TO HEAR B.C. DEMANDS IN JULY

Government Preparing Exhaustive Case For Lower Transportation Costs

Public Men All Over Country Receive Explanation of Province's Needs

To consider this Province's claims for freight rate equalization, the Board of Railway Commissioners will meet in British Columbia cities during July, according to word received by Premier Oliver from members of the rate tribunal. The commissioners will tour the whole Province to hear representations by various districts regarding the existing rate schedules.

British Columbia will present a convincing case for lower freight rates through G. G. McGeer, K.C., the government rate counsel. Mr. McGeer is completing his case now and meanwhile has compiled a booklet outlining the Province's demands. Copies of this publication, which was printed a few days ago, will be sent to every member of the Federal Parliament and to all members of provincial legislatures in Canada. This will give public men all over the country an idea of what this Province is trying to secure through its rate agitation.

## Wales and Ireland LEAD QUEEN CONTEST

May Day Celebration Committee Getting Things Under Way For Three-day Frolic

Wales and Ireland are running a close race in the May Queen contest. Yesterday's totals showed that the Welsh and Irish princesses had both secured 42,000 votes, while England's standing was 28,000 votes, Canada 25,000 and Scotland 25,000.

Keen interest is being shown in the contest and it is anticipated that the totals will grow by leaps and bounds before the contest closes on Saturday at 4 p.m. It is expected that a great many votes will be cast at the last moment. ## McCoy's Cod Liver

Extract Tablets Fine For Thin Underdeveloped Kids

Children Love Them Because They Are Sugar Coated and as Easy to Take as Candy

It's your duty, Mother, to see that the frail, peaked, sickly youngster grows up to be strong in body, keen in mind and robust in health.

Extracted from the livers of the lowly codfish are the health, weight and strength producing vitamins that are found in McCoy's Cod Liver Extract Tablets, which are sold by pharmacists all over North and South America.

Doctors know about them and so does Vancouver Drug Co., MacFarlane Drug Co., Owl Drug Co., and if your children need building up ask for these tablets, day if you want to give your loved ones a good appetite and put pounds of good healthy flesh on their bones. But be sure and get McCoy's.

They are not expensive—40 tablets—40 cents and if you are not pleased with the improvement after 30 days—your money back.

A very sickly child, aged 3, gained 11 pounds in seven months and is strong and healthy.  
One skinny woman gained 9 pounds in 24 days.

## KERO SPRAY

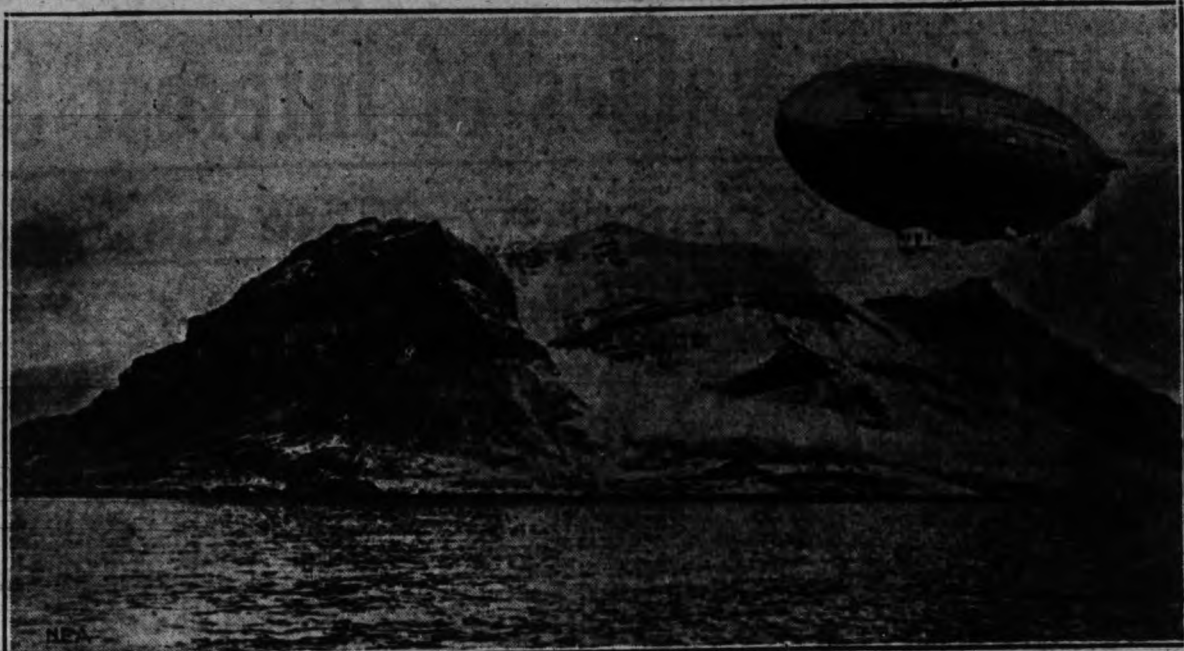

King of Insecticides

A valuable combination spray for trees and flowering plants.

Contains Black Leaf Forty, Arsenate Lead, Kerosene, White Hellebore and Whale Oil Soap, 40c also makes 5 gallons; \$1.15 also makes 25 gallons; \$2.00 also makes 50 gallons of spray.

**Vancouver Drug Co.**  
Fort and Douglas

## AMUNDSEN'S DIRIGIBLE OVER SPITZBERGEN

Here is how the dirigible Norge appeared as it sailed over the rugged Arctic wastes, near King's Bay, Spitzbergen. It is from King's Bay that Roald Amundsen and his companion, Lincoln Ellsworth, hopped off in the big airship for their flight over the North Pole. This is a composite photograph, the towering mountain, "The Alk Horn," being shown in the background. The picture, made by combining photos of the dirigible and the Arctic scene, indicates the hazardous country over which the Norge flew on its epoch-making trip.

## Three Killed in Auto Accident

Wallace, Idaho, May 14.—James E. Codd of Spokane and his two children were drowned last night when an automobile in which they were riding went into the Coeur d'Alene River from a bridge near Cataldo, twenty-five miles from here.  
Mrs. Codd and Mr. and Mrs. C. M. Chan of Coeur d'Alene, who were also in the car, escaped by breaking a door window of the car and swimming to shore.

## LEAGUE COUNCIL PROBLEM KNOTTY

Geneva, May 14.—Holding out the possibility to Spain and Brazil that they can virtually become permanent members of the Council of the League of Nations by being constantly eligible for re-election as temporary members, several delegates of the commission for the re-organization of the Council are continuing their efforts to solve the crisis caused by the projected entrance of Germany into the League.  
Yesterday's session ended without any tangible results. President Motta admitted majority and minority reports to the Council might have to be made.

## Ask for and Insist upon "SALADA" TEA

It is worth a few cents more.

## Rowntree's—A taste of Old England

Rowntree's Pastilles! Long-lasting purest of confections! True fruit flavours which have made Rowntree's the favourite of millions. Now only 80c a pound. Wherever good candies are sold.

## ROWNTREE'S Pastilles

Don't Forget Rowntree's Cocoa

Here they are! The Alemite-Zerk boys going "over the top" and supported by that wonder Zerk gun. Just 17 shots and the Friction Imps are routed. That's the story.

The counter-attack comes when you have driven your car 500 miles. Then the Imps of Friction will begin to get in their deadly work. First one part of the car, then another, will show signs of their presence. Just remember that every 500 miles you need Alemite Lubricant on your Ford.

Your Ford is as good as the care you give it. Treat it right and your up-keep costs are "nothing"—neglect it—and, like any other car or machine, it pays you back in repair bills. What it costs to run a Ford depends on you. Eighty percent of repairs come from a single cause—poor lubrication.

And don't forget—after you have the fittings installed use only genuine Alemite Lubricant. Demand it. Insist that your Service Station man give you only the genuine.

and you may  
walk on it again—  
in a short time

WHEN the children  
get away to school  
and the house is clear  
of little feet, lacquer  
your kitchen floor with  
Rogers Brushing Lacquer.  
It makes a  
beautiful floor and it is  
no trouble to apply—  
it brushes so evenly  
and so smoothly.

Then when the children  
come home for lunch,  
the whole job will be  
done—and DRY enough  
to walk on.

Why, it's almost as quick as  
mopping your floor with soap  
and water—and a great deal  
quicker and easier than scrub-  
bing. It gives you a new,  
hard, lustrous floor that won't  
scratch, print or hold dust or  
lint. Washes like porcelain.

You can walk on it shortly  
after you've finished putting  
it on. It wears and wears and  
WEARS. Wonderful stuff.

And it's just as good for  
lacquering your furniture as  
it is for floors and all other  
woodwork. The new perfected  
lacquer that doesn't soften or  
lift the old paint underneath,  
thus mixing the shades and  
making a dirty job.

Rogers Brushing Lacquer—  
remember the name—it's  
important, because it's the  
lacquer the world has waited  
for.

Your dealer will show you 18  
popular colors and new shades  
besides black, white and clear.

Sold under this  
Money-back  
GUARANTEE

We guarantee every can  
of Rogers Brushing Lacquer.  
If satisfactory re-  
sults are not obtained  
when applied according to  
directions, your dealer is  
authorized to refund the  
entire purchase price.

#### COMMITTED FOR TRIAL

Vancouver, May 14.—John An-  
chan was committed by Magistrate  
H. C. Shaw in police court here yes-  
terday to stand trial on a charge

of having murdered his wife, Hannah  
Anchan. That mental anguish, cou-  
pled with injury, might have been  
an important factor in bringing  
about the congestion of the brain  
from which the woman died was the  
outstanding testimony given by Dr.  
W. A. Dobson. Dr. Dobson stated

he was called to the house of the An-  
chans on April 23 and found the ac-  
cused struggling with his wife and  
trying to restrain her. Mrs. Anchan,  
he said, was evidently under a strain  
and talking very excitedly. She was  
placed under restraint and taken to  
a hospital.

## VIC WEST STUDENTS HOLD A SPORTS DAY

Many Events Run Off in In-  
teresting Programme; Many  
Parents Attend

The parents and teachers of Vic-  
toria West showed their usual inter-  
est and enthusiasm in the annual  
school sports which were held under  
the auspices of the Victoria West  
Parent-Teacher Association in the  
Victoria West Park on Wednesday  
afternoon.

The school was very fortunate in  
securing the help of Walter Macgillivray,  
of the Y.M.C.A., who very kindly  
consented to act as starter for all  
races. The teachers helped in various  
capacities.

The race for little tots was the  
centre of much attraction, and was  
enjoyed by all.

For the jumping and race track  
events the judges were: Messrs.  
Banfield, Coats-Johnson, Collins,  
Hooper, O'Neil, Pries and Templeton.  
The refreshment booth was per-  
haps the busiest place on the grounds  
and great appreciation of the ser-  
vices of the committee was every-  
where evident. Those who changed  
were: Mrs. Banfield, Mrs. Mercer,  
Mrs. Mowbray and Mrs. Wilson.

The following is the list of events  
and the winners:

Boys under nine — 1, Douglas  
Pearce; 2, Gordon Grant; 3, Maurice  
Louden.

Girls under nine—1, Beatrice Wil-  
liams; 2, Grace Hay; 3, May Price.

Boys under eight—1, Leonard Wal-  
ter; 2, Albert Winter; 3, Bobby  
Berryman.

Girls under eight—1, Minnie Ed-  
wards; 2, Laura Caldwell; 3, Edna  
Watson.

Boys under seven—1, Roy O'Neil; 2,  
Arthur Bastro; 3, Charlie Caley.

Girls under seven—1, Mary Lou-  
don; 2, Ruby Foyce; 3, Blanche  
Mannix.

Little tot's race—1, George Mannix;  
2, Billy Worthington; 3, Dolly Mc-  
Connell.

Girls under eleven—1, Patricia Mc-  
Laren; 2, Muriel Farrell; 3, Edna  
Simmonds.

Boys under eleven—1, Jack Price;  
2, Earle Blakeway; 3, Ben Vesey.

Girls under thirteen—1, Rita  
Blakeway; 2, Edna Robinson; 3,  
Marjorie Walker.

Boys under thirteen — 1, Sandy  
McLaren; 2, James Temple; 3, James  
Laird.

Girls, 75 yards (open)—1, Luella  
Blakeway; 2, Helen Templeton; 3,  
Rita Blakeway.

Boys under fifteen—1, Earl Hill; 2,  
Jim Vesey; 3, Robert East.

Girls' skipping, under fourteen—1,  
Edna Robinson; 2, Jean Smith; 3,  
Jennie Gibson.

Boys' three-legged race—1, Claren-  
ce Holding and Bobby Bell; 2,  
Trevor Lewis and Jimmie Hawes; 3,  
Earle Blakeway and Francis Mannix.

Girls' three-legged race—1, Dina  
Bastro and Grace Hay; 2, Betty  
Windle and May Price; 3, Laura  
Caldwell and Olive Edmunds.

Boys' 220 yards (open)—1, Earle  
Hill; 2, Robert Trowsdale; 3, Dick  
Muirhead.

Slow bicycle race—1, Geoffrey  
Whitehead; 2, Leonard Campbell; 3,  
Frank Hooper.

Girls' sack race (junior)—1, Muriel  
Farrell; 2, Lorna Farrell; 3, Agnes  
Kennedy.

Boys' sack race (junior)—1, Lewis  
Dallimore; 2, Joe Dawson; 3, Jack  
Price.

Boys' high jump (open)—1, Tom  
Blakeway; 2, Dallas Munroe.

Girls' high jump (open)—1, Luella  
Blakeway; 2, Frances Chamberlain  
and Dorothy Burgess, tie.

Boys' broad jump, under fourteen  
— 1, Tom Blakeway; 2, Leslie Brad-  
ley; 3, Sandy McLaren.

Boys' high jump, under fourteen—  
1, Tom Blakeway; 2, James Laird; 3,  
Leslie Bradley.

Sack-race, girls (senior)—1, Betty  
Campbell; 2, Doris Fowler; 3, Celia  
Lewis.

Sack race, boys (senior)—1, Sandy  
McLaren; 2, Kendrick Fidler; 3,  
Dick Muirhead.

Urged Women  
Be Church Elders

Vancouver, May 14.—A resolution  
to permit women to become elders in  
the United Church of Canada was  
endorsed yesterday afternoon by the  
provincial conference of the United  
Church, in session here. An amend-  
ment urging the motion be held over  
for discussion at the next conference  
was voted down. The decision of the  
provincial body will be submitted to  
the Dominion conference in Mon-  
treal next month.

The report of the lay delegates  
was read by W. E. Harper of Victo-  
ria, and J. S. Mahon.

A proposal to reduce the number  
of delegates to the Dominion confer-  
ence was defeated. The proposal was  
to make the representation one for  
each twenty-seven ministers instead  
of one for sixteen.

Amalgamation of the presbyteries  
of East Vancouver and Vancouver  
West was discussed, but no action  
was taken.

Standing committees were an-  
nounced.

Reports of Ryerson and Colum-  
bian Colleges and of Westminster  
Hall indicated the institutions were  
on a sound basis.

Addresses were delivered by Rev.  
J. Wedderburn, United Church of  
Scotland missionary in China, and  
by Rev. J. W. Ogden, delegate from  
the Bible Society.

Canadian Board  
of Trade to Meet

Ottawa, May 14.—It has been an-  
nounced from the head office of the  
Canadian Board of Trade here that  
the first annual meeting of this re-  
cently-formed organization of boards  
of trade throughout Canada will be  
held in St. John, N.B., September 23,  
29 and 30.

TRIBE SURRENDERS

Quezon, French Morocco, May 14.—  
The tribe of Beni Mostara, comprising  
a thousand families and numbering 500  
riders, surrendered to the French yes-  
terday. The tribe occupies about 100  
square miles of territory east of here.

IN EVERY MATERIAL

The tailored costume of this season  
is not only done in tweeds and man-  
ish materials, but in taffeta, crepe  
georgette and the soft ribbed silks.

The first fatality in England's general strike occurred when labor sympathizers in the Elephant and Castle district, London, attacked a bus manned by a volunteer crew and carrying a police guard. The bus mounted the pavement and killed a bystander. The rioting mob then overpowered the crew and set fire to the bus. This radiophoto shows the remains after the fire being hauled away through the sullen crowds.

## EGYPTIAN TOMBS VIVIDLY DESCRIBED BY LOCAL VISITOR

(Continued from page 9)

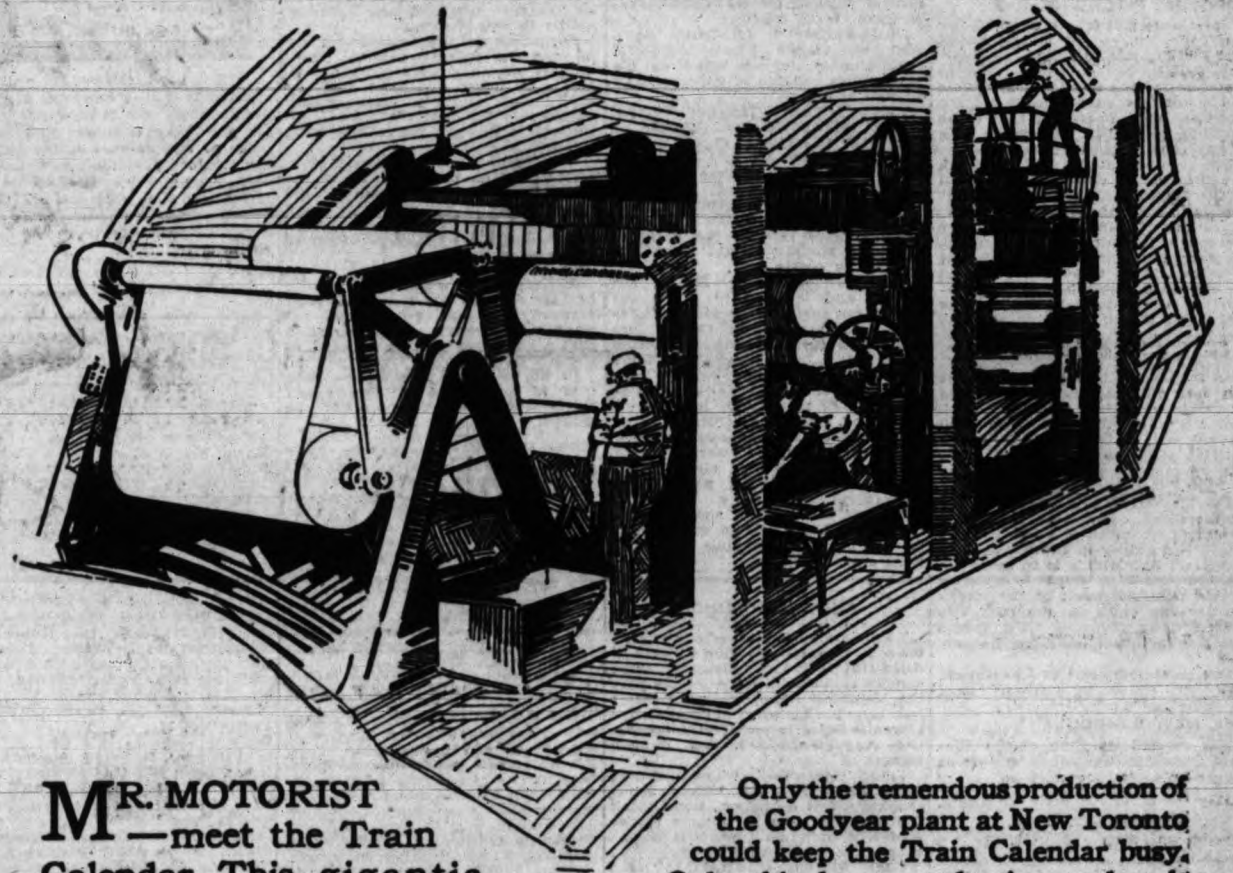

time they believed in a resurrection  
and judgment, but their bodies had to  
be preserved in order to secure their  
participation in it. The three gods  
they worshipped could help them  
through if they were pleased to do so.

These gods all of them represented  
the sun, and the worship was sun  
worship. Rameses II. reigned sixty-  
seven years, and they say he must  
have been the Pharaoh of the Op-  
pression. His mummy lies in the  
museum here, and if you look at him  
you think of a stiff neck, as he  
has a long stiff neck. You can draw  
some comforting thoughts by com-  
paring our doctrine of the resurrec-  
tion with the one I have just de-  
scribed. I must just add that food  
was put in the cover of the room where  
the mummy was placed, this food  
being made out of stone, and also the  
internals of the body preserved in  
liquid in bottles, lying there ready for  
use as soon as the resurrection took  
place. See how these plans have  
been disturbed after so many cen-  
turies.

Then after I was back home a  
short time I had another trip to Port  
Said to meet Mrs. Scott, wife and two  
children, new missionaries. We had  
them three days in our home and  
then they went yesterday to Alex-  
andria where they will locate.

Many small rubber plantations are  
being started in the Philippines.

# \$99,654.13 to Give You Goodyear Tires Just a Little Better

## MR. MOTORIST

—meet the Train  
Calendar. This gigantic  
machine performs one small  
operation in the building of your  
Goodyear Tires—but performs  
it better and more economically  
than any other method yet de-  
vised. It applies the rubber  
which surrounds and protects  
every thread in the fabric of  
Goodyear Tires. It applies this  
rubber evenly—thoroughly—with  
unbelievable precision.

Only the tremendous production of  
the Goodyear plant at New Toronto  
could keep the Train Calendar busy.  
Only this large production makes it  
practical to invest nearly \$100,000.00 in  
one machine to do this work. But, because  
Goodyear can spread over millions of tires  
the cost of the Train Calendar, you enjoy,  
in Goodyear Tires, higher quality without  
higher price.

And the Train Calendar is but one example  
of the methods and machines which are  
possible with Goodyear's great production  
and which improve the quality and keep  
down the cost of the Goodyear Tires  
which are waiting for you at your nearest  
Goodyear Selected Dealer's store.

## The Romance of British Columbia—No. 19 1724-1726

Sir Alexander Mackenzie, Overland Pioneer, 1793

ON May 9, A.D. 1793, a young officer of the North West Com-  
pany, named Alexander Mackenzie, left his winter quarters  
at Fort Fork, east of the Rocky Mountains, with the determi-  
nation to carry British trade sovereignty to the Pacific Coast. The  
party consisted of himself, Alexander MacKay, six voyageurs and  
two Indian hunters and interpreters. They started upon their  
long journey in a frail birch bark canoe, twenty-five feet in length.  
Into this were crowded the ten members of the expedition and  
the arms, ammunition and baggage necessary for so long a  
journey. It was at this time that Capt. George Vancouver was  
making his historic survey of the coast of what is now, British  
Columbia.

Thousands of settlers  
have since followed  
Mackenzie to this fair  
province, but hardships  
have gone and Mother's  
task is now lightened  
by Shelly's complete  
Bakery Service, which  
saves her so much time  
and labor. Take full ad-  
vantage of 4X service  
in your home.

**Shelly's  
bread**

CAKES • COOKIES • MACAROONS • ROLLS

The next show Mackenzie in the Fraser Rapids.

## BASEBALL, BOXING

Amateur Baseball  
To Receive a Warm  
Welcome To-morrow

Parfitt to Hurl For Sons of  
Canada and Copas For  
Travelers in Opener

City Council to Furnish Star  
Battery For Opening Cere-  
mony; Game Starts at 5.30

"Batt'r-r-r-ies for t-day's  
game: Sons of Canada, Par-  
fitt and McGinnis; Commercial  
Travelers, Co-o-opas and Bow-  
den. Play ball."

That's what the fans will hear  
to-morrow afternoon when Allie  
McGregor does his gurgling act  
at the Royal Athletic Park and  
orders the teams to get under-  
way for the first time this  
season.

The actual start will be delayed a  
few minutes while the trimmings of  
all openers are put over. Mayor Carl  
Pendray and Alderman Billy Cullin  
are to hook up in the greatest bat-  
tery the town has ever known. His  
Worship will deliver the first ball, if  
possible, to open the season, and Al-  
derman Cullin will catch it, if pos-  
sible.

When this formality is dispensed  
with the Sons of Canada will go to  
bat, and the Travelers will go on  
the road, as is their custom. This will  
be the Travelers' home game, and  
they will have the last chance at bat.

## OPPOSING PITCHERS

Roy Copas will take the mound for  
the Travelers, and it is understood  
that Bowden will be behind the plate.  
Ray Parfitt will do the setting up  
exercises for the Sons and McGinnis  
will plant his stocky form on the  
receiving end. Parfitt is said to be  
chucking better ball this season than  
at any time in his career.

The game should be well contested.  
It will be played on the new diamond  
at the Royal Athletic Park. The in-  
field is in good shape, and there will  
be no cause for the outfielders losing  
the ball in the tall grass this season.  
The fans, however, will not have new  
quarters. They will have to sit in  
the same old stand, but as the foot-  
ball game will precede the opening  
ball game, the seats will be all dusted  
off.

## THE LINEUPS

As far as can be learned the Sons  
will open with Jimmy Cummings on  
first base and Marty Dunn at second.  
Bud Hocking will short stop and  
Thomas will be located at third. The  
outfield will see Pete Salloway in  
left, Holman in centre and Johnson  
in right.

The Travelers will deposit Harold  
Peatherton at first base and  
Faulkner Campbell at second. Harry  
Copas will gather in the hot ones at  
short and Art Minin will be in the  
outfield. The game will start at 5.30 o'clock,  
and there should be sufficient light  
for nine innings.

## THE NEW SCHEDULE

The revised schedule of the Victo-  
ria Amateur Baseball League is as  
follows:

May 15—U.C.T. vs. Sons of Canada.  
May 17—Eagles vs. U.C.T.  
May 26—Sons of Canada vs. Eagles.  
May 27—Sons of Canada vs. U.C.T.  
May 31—Eagles vs. Sons of Canada.  
June 3—U.C.T. vs. Sons of Canada.  
June 7—Eagles vs. U.C.T.  
June 10—Sons of Canada vs. Eagles.  
June 14—U.C.T. vs. Eagles.  
June 17—Sons of Canada vs. U.C.T.  
June 21—Eagles vs. Sons of Canada.  
June 24—U.C.T. vs. Sons of Canada.  
June 28—Eagles vs. U.C.T.  
July 2—Sons of Canada vs. Eagles.  
July 5—U.C.T. vs. Eagles.  
July 8—Sons of Canada vs. U.C.T.  
July 12—Eagles vs. Sons of Canada.  
July 15—U.C.T. vs. Sons of Canada.  
July 19—Eagles vs. U.C.T.  
July 22—Sons of Canada vs. Eagles.  
July 26—U.C.T. vs. Eagles.  
July 29—Sons of Canada vs. U.C.T.  
Aug. 2—Eagles vs. Sons of Canada.  
Aug. 5—U.C.T. vs. Sons of Canada.  
Aug. 9—Eagles vs. U.C.T.  
Aug. 12—Sons of Canada vs. Eagles.

## Sweden Eliminates

## Swiss Tennis Team

## In Davis Cup Game

Malmö, Sweden, May 14.—Sweden  
won three singles matches and Swit-  
zerland one doubles and one singles  
match, in the second round of Davis  
Cup play, European division, which  
ended a three-day session yesterday.

## Vienna, May 14.—Germany defeated

## Austria in their international tennis

## matches. Count Ludwig Salm Hoog-

## straeten was on the losing side in

## the doubles.

TUPMAN WINNER OF  
BARBER TROPHY FOR  
GENTLEMANLY PLAY

Frank Tupman, lanky full-  
back of Rennie & Taylors, was  
adjudged by the crowd attending  
last Wednesday's game between  
Rennie & Taylors and the Tili-  
cums for the Hayward cup, as  
the most gentlemanly player in  
the Wednesday football. Tup-  
man has gained great favor for  
conduct in games during the  
season.

## Percy Shrimpton, Hudson's

## Bays' goalie, ran Frank a

## close second and was followed by

## Al McKinnon, halfback for

## Rennie &amp; Taylors.

## At the dinner of the Wednes-

## day League to be held in the

## Chamber of Commerce to-mor-

## row evening, Tupman will re-

## ceive the cup which was donated

## by H. M. Barber.

## OUR MAIL BAG

## THE VICTORIA REP TEAM

## To the Sports Editor:—Evidently

## our friend "Soccrite" who wrote

## last issue of May 12 has followed

## only one team this past season

## and almost entirely overlooks the

## ability of players on other teams of

## this city.

## Admittedly the choosing of a rep

## team is a hard task and it will be

## almost impossible to suit all the

## fans. There are bound to be criti-

## cisms from all sides no matter

## what team is chosen.

## In my mind an almost entirely dif-

## ferent team could be placed on the

## field to meet the crack Old Country

## eleven, and chosen from an entirely

## neutral viewpoint and without fa-

## voritism, is as follows:

## Goal—Shrimpton (Hudson's Bay),

## who has made some wonderful

## performances on rep teams in the

## past and is capable of doing equally

## as well again.

## Right fullback—Campbell (Vets.),

## Left fullback—Copas (West), or

## Meredith (Vets.). If Copas cannot

## turn out.

## The halfback line seems to be the

## easiest dealt with. Left half, Ray

## Parfitt, centre half, Preston (Vets.),

## and right half, Peden (West). Pe-

## den's place is with the halfback

## division. He plays right right half

## as well as left.

## The forward line will be the

## sticker and is hard to place, but

## picked on goal-getting ability, style

## and understanding. Centre, Cou-

## tler (Vets.), inside left, Mulachy

## (West), outside right, Cum-

## mings (Services); inside left, Quin-

## tan (S.O.E.), outside left, Davis

## (Eagles), Thomas (S.O.E.).

## Reserves—Goal, Bridges; halfback,

## Swan (S.O.E.) and forwards, cen-

## tre, Tom Watt (Eq.); right wing,

## Campbell (Vets.); left wing, War-

## ren (Eq.).

## I would also suggest as captain of

## the team, Hay, who in my opinion

## is the most outstanding player in

## local soccer circles.

## S. V. JENKINS.

## ANOTHER OPINION

## To the Sports Editor:—"Soccrite's"

## team in Wednesday's Times would be

## delightful if the Englishmen were

## coming to Victoria purposely to play

## the Connaught Cup team; but

## as a Victoria representative

## eleven is billed to provide the oppo-

## sition, may I suggest a few adjust-

## ments?

## Like "Soccrite" who I should

## judge was a Vets' F.C. official, I an-

## ticipate a few criticisms, but I think

## the following more representative

## selection:

## Goal, Shrimpton (H.B.C.); right

## back, Joe Watt (Equimall); left

## back, White (Navy); right half,

## Smith (Vets.); centre half, Preston

## (Vets.); left half, Hay (Equimall);

## outside right, Cummings (Garrison);

## inside right, Cameron (Vets.); cen-

## tre, Coultter or Tom Watt; inside left,

## Warren (Equimall); outside left,

## Thomas (Sons). Reserves—Bridges,

## Campbell, Bowman, Peden, John

## Watt and Mulachy.

## W. JEPSON.

## STILL ANOTHER

## To the Sports Editor:—As an ar-

## dent supporter of soccer may I sug-

## gest a team to play the Englishmen

## next month?

## My selection is: Goal, Shrimpton;

## fullbacks, Campbell and Tuckwell;

## halves, Smith, Preston and Bowman;

## forwards, Cummings, McKinnon, Cou-

## ltter, Hay and Cameron.

## I think Bridges on his game is a

## better goalkeeper than Shrimpton,

## but I think Shrimpton more com-

## petent in the goal.

## I think I would give him the

## position.

## I think Campbell and Tuckwell the

## best backs in the city, although Joe

## Watt would suit me all right.

## I pick Smith, Preston and Bowman

## as halves, not for individual

## brilliance, but as a combination. That

## half-back formation, to my mind, was

## largely responsible for starting the

## Vets' run of success lately. If either

## of these are unable to play, put on

## the aggressive young Shanks, of the

## Sons.

## To my way of thinking Cummins is

## our best outside right since Phillips

## got crooked, and with the crafty Mc-

## Kinnon would make a splendid wing.

## Coultter, if fit, walks into the centre

## forward position. Hay may seem an

## odd selection for inside left, but I

## have seen both of them play nearly

## every position forward and they make

## a very good job of it, too.

## I would have Spird Mirfield and Pat

## Mulachy as reserve forwards on ac-

## count of their versatility. I have

## seen both of them play nearly every

## position forward and they make

## a very good job of it, too.

## I would have Spird Mirfield and Pat

## Mulachy as reserve forwards on ac-

## count of their versatility. I have

## seen both of them play nearly every

## position forward and they make

## a very good job of it, too.

## I would have Spird Mirfield and Pat

## Mulachy as reserve forwards on ac-

## count of their versatility. I have

## seen both of them play nearly every

## position forward and they make

## a very good job of it, too.

## I would have Spird Mirfield and Pat

## Mulachy as reserve forwards on ac-

## count of their versatility. I have

## seen both of them play nearly every

## position forward and they make

## a very good job of it, too.

## I would have Spird Mirfield and Pat

## Mulachy as reserve forwards on ac-

## count of their versatility. I have

## seen both of them play nearly every

## position forward and they make

## a very good job of it, too.

## I would have Spird Mirfield and Pat

## Mulachy as reserve forwards on ac-

## count of their versatility. I have

## WOMEN DOING FINE WORK FOR SAILORS

### Ladies' Guild Presents Annual Reports; 1,187 Men Used Institute

The annual meeting of the Victoria Branch of the Ladies' Guild for Sailors was held yesterday afternoon in the Connaught Seamen's Institute, with the president, Mrs. Alice Thomson, in the chair and a full attendance of members.

The fourteenth annual report was read by the secretary, Mrs. Sayer, and showed a steady increase in the number of men making use of the institute. While the register in 1924 showed a total of 306, that of the past year records 1,187, beds paid for 450, and free beds 42, also 87 free meals were provided.

Of the relief and charity work done by Mrs. Thomson and Mrs. Gordon Smith, no exact record had been kept. Christmas dinner, according to the annual custom, was bounteously served to 70 men and open house kept during the holiday season—grateful reference was made to generous contributions from the people of Victoria. The hospital were faithfully visited by Mrs. Sayer, for the Jubilee, Miss B. Pooley, St. Joseph's and Mrs. Jardine for Mrs. Ross's Home and the needs of sick sailors have been carefully attended to.

Mrs. Bunbury, having resigned from the wool committee after excellent service, was succeeded by Mrs. Goodlake, who has been most active, having distributed 62 lbs of wool and having now on hand a supply of 224 pairs of socks, 22 helmets and 6 sweaters.

Thirty-two boxes were packed and shipped to the lighthouses in Christmas in connection with the annual birthday tea and lighthouse shower. A house committee consisting of Mrs. Thomson, Mrs. Ross, and Miss Pooley report everything satisfactory and in good working order. Mr. and Mrs. Smith, who were in charge of the Connaught Seamen's Institute for four years, left during the year, for Australia and were succeeded by Mr. and Mrs. Radway.

The hall has been in weekly use by St. James Sunday School, the Sailors' Community Club, with Mrs. Lizzett as convener, is expected to prove of great worth. The president, Mrs. Thomson, expressed her satisfaction on the progress and good work accomplished during the year and warmly thanked the very efficient secretary and treasurer for their unflinching devotion.

Mrs. Moore, in a delightful little speech, thanked Mrs. Thomson, on behalf of the Guild for her years of splendid service and presented her with a bouquet of roses and maiden hair fern. Mrs. C. D. Neroutos also

spoke in appreciation of Mrs. Thomson's work and hoped she might long continue an inspiration to the Guild. Mrs. J. Gordon Smith then presented the treasurer's report which showed receipts to be \$973.86; expenditures \$938.50 with a balance of \$43.06 on hand. A vote of thanks to the treasurer was warmly tendered.

The election of officers then followed, the entire executive being unanimously reinstated with the addition of Mrs. Neroutos as first vice-president and Mrs. R. W. Kerr as second vice-president. Mrs. Alice Thomson retaining the presidency and Mrs. Sayer and Mrs. Gordon Smith the secretary and treasuryship.

A hearty and standing vote of welcome was given Mrs. Moore, former wool-consumer, upon her return to the Guild after an enforced absence of some years. The new house committee will consist of Mrs. Ross and Miss B. Pooley.

Mrs. Thomson announced the annual meeting of the Guild for Sailors to be held at 8 o'clock on Monday evening, May 20, in the Board Room, Belmont House, and also drew attention to the Tag Day to be held on June 12 for the Connaught Institute.

A new flag being needed for the Institute, Mrs. Hiscock kindly promised to present one and her offer was received with grateful satisfaction. The meeting then adjourned and afternoon tea was served to the members and a large number of friends, who came in later. The arrangements were in charge of Mrs. Vernon Thomson, Mrs. Oscar Ross, Mrs. Snowden and Miss B. Pooley and Mrs. Gordon Smith.

**Scouts Will Hold Annual Sports At Gorge To-morrow**

**Boys Will Gather at Scout Grounds For Competitions and Displays**

To-morrow afternoon the scouts' ground at the corner of Tillicum and Selkirk Roads, will be the scene of much bustle and excitement. What with fires flashing up here and there in fire-lighting competitions, scouts going around dressed like everything under the sun and all sorts and manner of races and displays the ground will present a very animated appearance. The occasion is the annual scout sports, held by the Victoria and District Scout troops every year to further the scouting spirit and competition among the troops.

Not being after the usual style of

sport meets the scout gathering attracts attention as a unique affair. Events are not made to test each boy's physical strength, although this is necessarily an essential, but his scout training is brought into play and tested in every way possible. Some years ago it was the custom to run the sports along the lines of any other athletic meet, but it was seen that that method hardly distinguished the meet from any other. Noticing this, it was found that a much better test for the boys, besides a much more interesting view for spectators, was provided if the sports were conducted along the present lines which has been done for the last few years.

**AN ATTRACTIVE PROGRAMME**  
A great part of the training received by the boys during their scouting experience is thus introduced in novel manners at their sports. Fire-lighting competitions, rapid disguise effects, first aid displays, bridge building and other displays are utilized to bring about these results.

Following is the list of events for the sports to-morrow, which commences at 1 o'clock, continuing until 5 o'clock:

Verbal message relay—Team of six, twenty words, course from Admiral's Road to Gorge grounds.

Tree judging—Twenty trees, individual competition.

Fire lighting or water boiling—Teams of two.

Combined district display—Trestle bridge to be built, team of six or less.

Centipede race—Thirty yards, scout staffs lashed, teams of six.

Rapid disguise—Ordinary camp kit only to be used.

First aid display competition—Any number to a team, ten minutes allowed, individual choice of work.

Display of camp gadgets—Individual troops to do their own.

## University Incogs Will Try To Make It Three Straight

**Won First Two Encounters and Are Head of League; Three Other Games**

The University Incogs, who have won their first two starts on the cricket field this season, taking the lead in the standing, will meet the Albions to-morrow afternoon at their own grounds and endeavor to make it three in a row. In both games played so far the Incogs have completely overwhelmed their opponents.

At the Jubilee grounds, Victoria is scheduled to take on the Two C's. Last week the Two C's batsmen were helpless before the skilful bowling of the Albions, and only knocked off fifty-seven runs. They will have to do much better to-morrow if they hope to get anywhere against the Victoria team, who piled up 125 before their last wicket fell last Saturday.

Beacon Hill will be the scene of the match between the Five C's and the Cowichan Wanderers, who are coming to town for their second week in succession. They knocked up just one more run than the Harlequins to win by 92-91 in their former engagement in the city.

Cowichan to engage the Victoria eleven. This is the third straight game that Cowichan will have played on their own grounds, having not visited the city as yet. They won the first encounter from the Wanderers but dropped the second to Victoria. They will try to take two out of three before coming into town next week.

Following are teams chosen for to-morrow's games:

Five C's vs. Cowichan Wanderers,

at Beacon Hill at 2:15: A. Lea, P. C. Payne, Parr, Quinton, Martin, Collett, Butterworth, Atwell, N. Wilkinson, Bourne, Vaughan, Jelliman, Umpire, Mr. Barker; scorer, Mr. Longfield.

Two C's vs. Victoria, at Jubilee Hospital at 2:15: Edwards, W. Sutton, C. Sutton, Slocomb, Pillar, P. Wilkinson, Craddock, Pender, Heinekey, Geddes, R. Lea, Umpire, Mr. Cross; scorer, Mr. Gilder.

Any Five C's player unable to play is asked to telephone P. C. Payne; and any Two C's player W. M. Sutton.

A new plant in Greece is producing ploughs for the refugees.

## LOCAL MARKSMEN TO ENTER SHOOT

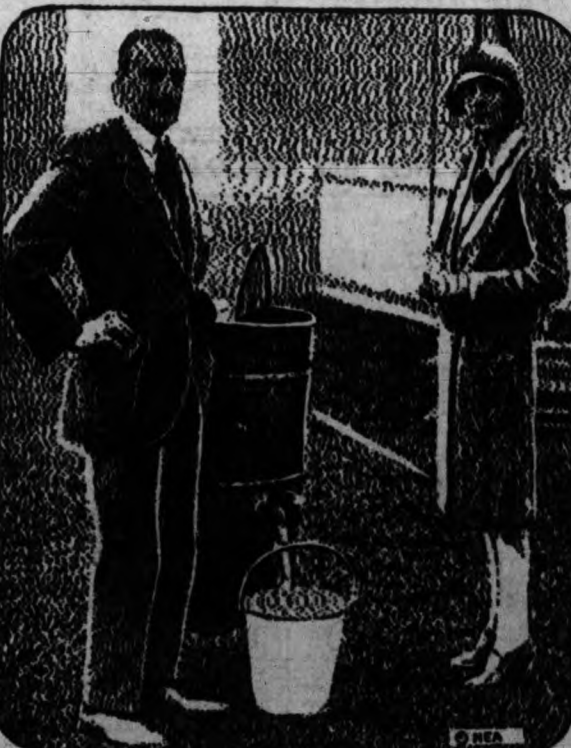

The crack revolver shots of the Victoria Police force will go to Vancouver on May 27 for the annual shoot of the B.C. Police and Revolver Association, it was decided by the Board of Police Commissioners which met yesterday afternoon. The three best men in the Victoria Police force, who will be picked by a process of elimination, will comprise the team, it was stated by the Board.

Chief of Police John Fry will take charge of the three marksmen who will visit the mainland city and shoot over the Royal Canadian Mounted Police range. There are many handsome trophies and awards for the competitors winning distinction at the meet.

A draft of the by-law of regulation and control lodging houses in Victoria was approved by the Police Commission, after due consideration.

Fines and costs collected in the city police court for the month of April totalled \$2,537, the desk sergeant's report showed. There were 113 court convictions and five persons sent up for trial. There were twenty-one accidents of all kinds during the month.

## SOCIETY AIDS STRIKE VICTIMS

English society turned out to help relieve suffering among the poor during the general strike. This radiograph shows Capt. Peebles Chaplin and Lady Louis Mountbatten distributing milk in Hyde Park to children and mothers with babies.

## Where Is Your "Pep"?

Let "Fruit-a-tives" Build Up Your Strength and Vigor

Miss EVA EMOND.

"I must tell you that 'Fruit-a-tives' increased my appetite, gave me more energy and better color, and I have gained a lot," Miss Eva Emond, Major, P.Q.

When did you begin to lose your vitality, your enjoyment of life? When did you notice that you were paler, thinner? Of course, you want to be your former cheery self, bubbling over with energy and the happiness of good health. But how?

"Fruit-a-tives" will bring back your normal weight and appetite; give you the soft, velvety skin that glows with health; restore your strength and vitality.

"Fruit-a-tives" will correct the troubles that are keeping you pale and listless and miserable, the indigestion, biliousness, constipation, headaches and nervousness.

"Fruit-a-tives" is intensified fruit juices, combined with tonics.

25c and 50c a box—at dealers everywhere. (Adv.)

## LAKE LOUISE HOTEL OFFICIALLY OPENED

Four Hundred Rotarians Hold Conference at Popular C.P.R. Tourist Resort

Lake Louise, Alta., May 14.—As the last sheet of ice slid off the surface of Lake Louise Thursday and creased down 1,000 feet to the Kicking Horse Creek 400 Rotarians, representing the Fourth District International Conference, convened here to carry out their first annual convention in the Canadian Pacific Rockies.

At the opening session William Wallace of Winnipeg was elected district governor, to succeed George Rooker of Regina. The United States is represented by Carl Faust of Jackson, Mississippi, Director of Rotary International of America.

Four mayors of western cities are in attendance. Mayor George Webster, the "cowboy mayor" of Calgary, set the mountains roaring with laughter Thursday afternoon when he entered a diving contest with Miss Lydia Fulcher, the lady diving champion of Alberta.

United States Consul S. C. Reat was the judge of this one-sided contest which the cowboy mayor entered with all the seriousness of a bucking-horse contest at the Calgary Stampede. And it is quite generally conceded that if the mayor had been mounted on an Alberta bronco or a cowboy horse he might have won. The Rotary convention here marks the official opening of Chateau Lake Louise for the summer tourist season.

## SAN FRANCISCO SHIPPING

San Francisco, May 14.—The suit of the Dock and Terminal Engineering Company of Cleveland against the Board of Harbor Commissioners for violation of patent rights was settled in the United States District Court today when the State board paid \$50,000 and had the suit dismissed. The plaintiff company sued the board for \$497,000, alleging that the Ferguson patent, which comprises plans for pier construction, had been violated in construction of piers on the local waterfront.

More than 500 passengers will arrive here tomorrow on two large liner ships. The liner Tahiti is due from Sydney with a big list of passengers and the Panama Mail liner Colombia will arrive from New York with 200 passengers. The Colombia was delayed by heavy fog between Los Angeles and San Francisco.

The Board of State Harbor Commissioners today voted to increase the salaries of State wharfingers from \$115 to \$119 a month.

## COMMISSION CALLED TO CONSERVE HALIBUT

## SCIENTISTS WILL CATCH AND TAG FISH IN EXHAUSTIVE STUDY OF CONSERVATION

International Board of Canadian and United States Experts Will Charter Vessel to Delve Into Habits of Disappearing Fish; Scientists Will Accompany the Party.

Just how the habits of the Pacific Coast halibut will be studied by experts of the International Halibut Commission during the coming Summer in efforts to conserve this great food fish was outlined at a meeting of Canadian and United States fish experts in Vancouver this week. As a result of the plans laid down at this conference an exhaustive survey of conditions in the halibut fisheries will be made, so that the commission may have accurate data to work on in framing measures to prevent the depletion of the fish.

The programme of the commission for the Summer was announced today by John P. Babcock, Chairman, and Deputy Commissioner of Fisheries for British Columbia, who summoned the Vancouver conference.

**WANT ACCURATE DATA**

"The Halibut Treaty provides that the Commission shall make a thorough investigation of the life-history of the Pacific halibut and as the result of it make recommendations as to the regulation of that fishery," Mr. Babcock explained. "So diffuse and ill-defined is our present knowledge that the commission has endeavored to find solid ground on which to build. This has naturally led to many discussions with its directors of investigations and the members of its Scientific Advisory Board for a thorough understanding of procedure. The Vancouver meeting was to that end.

"We have, or are about to, charter a halibut fishing vessel large enough to accommodate a full crew of professional halibut fishermen and at least four scientific assistants. We will fish during the Summer and Fall in the regulation way. Twenty per cent of the catch will be tagged and returned to the water in the expectation that some of them will be recaptured and their movements traced. The balance of the catch will be dressed and iced, after measurements, scales, otoliths, etc., have been collected, and then taken to market, where it will be sold as all other landings are, at public auction, in Prince Rupert, Ketchikan or Seattle.

**NEED MORE INFORMATION**

"We fished and tagged to a limited extent last year and obtained valuable data. We seek by further efforts to add to it.

"It will be appreciated that our problem is a complex one and requires close and careful scientific study."

The Commissioners will not meet again until Fall.

During the Summer Mr. Babcock will make one or more trips in the chartered vessel to observe the work of his assistants and gain first-hand information.

**ESTABLISH TRADE ROUTE OVER POLE**

Amundsen's Feat in Dirigible Norge Has Caused Considerable Discussion

New York, May 14.—The feat of the dirigible Norge in sailing over the North Pole has once more brought the possibilities of a trade route over the top of the world into discussion.

The hours necessary to fly from Spitzbergen to Alaska over the Arctic eliminate many weeks of time and voyage half around the world on the part of a ship.

Vardo, Norway, whence the Norge sailed to Spitzbergen, is approximately 2,750 miles from Point Barrow, Alaska, by way of the North Pole. Vardo is in the seventy-fifth latitude. If a ship were to follow approximately this latitude half way around the world it would eventually reach Point Barrow after traversing some 10,000 miles.

For commercial purposes, however, even this course would be impracticable. It is doubtful whether this trip could be made by water under 20,000 miles.

**BRINGING RICH SILK CARGO FROM FAR EAST**

## TWO THOUSAND CASES OF EGGS FROM B.C.

Vancouver Island Enters Market Calling For a Million a Day

Vancouver Island poultrymen will supply eggs to help make up a shipment of 2,000 cases of British Columbia eggs being prepared for the British market. The shipment to leave Vancouver for London early in July, via the Panama Canal. The buyer is the representative of a big Old Country chain restaurant concern. He spends his time scouring the world for eggs suited to good class restaurant trade in Great Britain. His clients are the largest consumers of eggs in the world. They need 1,000,000 eggs per day in their business.

If this trial shipment proves satisfactory it may open up a market in Great Britain which will take all the eggs for which an outside market is needed now. This same buyer on his trip came through the United States coast poultry centres and gave orders there for 30,000 cases of eggs.

## Jefferson Due Here on May 23 From Far East

Leaving Yokohama yesterday afternoon the Admiral-Oriental liner President Jefferson is due to arrive in Victoria from the Far East on May 23. The vessel is bringing a big passenger list, there being 225 travelers in all classes. For Victoria the liner has a total of 100 passengers, 100 tons of general cargo and fifty bags of mail.

## WESTERN RAILROAD RATES ARE BEING SURVEYED BY U.S.

Decision of Interstate Commerce Commission Likely to Be History Making

Situation Parallels That of B.C.'s Rate Battle

Washington, May 14.—Great interest is felt in railroad shipping circles throughout the United States in the forthcoming decision of the Interstate Commerce Commission in the matter of railroad rates in the western district and in the general rate structure investigation under the Smith-Hatch resolution. This decision is likely to be history-making in United States transportation. A situation paralleling that of the Canadian freight rates case is developing here.

The underlying purpose of the investigation was to ascertain whether reductions could be made in the general rates structure of the United States, especially in favor of agriculture. But in order to counteract the agitation for lower rates, especially among the farmers, the railways in western territory applied to the Interstate Commerce Commission to increase their rates.

In a general way, they asked for a five per cent increase, as an average. They contended that they were really entitled to an increase of about 11 per cent.

It is charged in some quarters, in fact, that the railways do not expect to be allowed to increase rates, but have taken the plan of asking higher rates in order to defeat the agitation for lower rates.

## Former Railroad Official Passes

Winnipeg, May 14.—The death occurred Wednesday at Sherbrooke, Que. of Noel R. Brooks, formerly, engineer of maintenance of way, Canadian Pacific Western lines. Mr. Brooks has been in poor health for some time. The funeral will take place in Sherbrooke this afternoon. Mr. Brooks came West in 1903 when he was attached to the engineering department of the Canadian Pacific at Calgary. In 1913 he came to Winnipeg as an engineer of maintenance of way, which position he held until his resignation in July 1917. Since that time Mr. Brooks has lived in the East but he had a wide connection of friends throughout the Western provinces.

## SEATTLE SHIPPING

Seattle, May 14.—With a cargo of 11,500 tons from Baltimore, the Isthmian steamship line's motorship Challenger is due here May 23. The ship consists mainly of steel for Seattle and Tacoma. After discharging she loads general cargo for the United Kingdom.

Bringing 800 tons of steel and general cargo the steamer Centaurus, another Isthmian liner, is due here May 23 from Baltimore. She loads lumber and general freight in Seattle, Tacoma and Everett, for her return voyage.

## CANADIAN PACIFIC B.C. COAST SERVICE

VANCOUVER—2:15 p.m. and 11:45 p.m. daily.

SEATTLE—1:30 p.m. daily.

## THE YELLOW STUB

By Ernest Lynn

Jimmy hadn't noticed the rug. "I don't know, Lieutenant. I suppose so. I didn't touch it."

O'Day quietly stroked his chin, stood with his feet planted wide apart and studied a while in silence. "What do you think happened, Lieutenant?" Jimmy had risen from his chair, and stood facing O'Day.

"Don't bother me now, lad. Let me think," he smiled, apologetically at his turn. "I'm not one of these fancy Sherlock Holmes detectives," he explained. "I'm a little slow at getting my mind to work. I have to have time. I want to see this thing first, just as you saw it when you came in."

"He walked to the door and stood on the threshold, his eyes wandering around the room and then through the hallway."

"This door was open," he asked.

"Yes. I came right in," he asked.

"And all the lights were out, you say?"

Jimmy nodded.

"Un-huh," O'Day turned abruptly away and walked into the next room, exploring. He shook his head slowly. He looked at Jimmy, who was looking at him, and said, "I wonder..."

Quite abruptly he came to a pause in front of the mantel above the gas grate. His hand rested on it, and he picked up a picture that was lying face down on the shelf.

He frowned as he looked at it. He glanced around at Jimmy, who quite oblivious of O'Day's movements, was standing before a window, his hands clasped behind his back, looking out into the street.

O'Day turned back the picture. A comprehending light came into his eyes.

"Mother of heaven!" he breathed. Then he fastened some buttons on his coat and stuck the picture into his breast pocket.

## CHAPTER XLII

Jimmy swung around suddenly, to face O'Day as the latter was buttoning his coat. The police lieutenant colored guiltily and tried to hide his confusion behind a sudden fit of coughing.

"But if he noticed anything peculiar in the other's demeanor, Jimmy did not betray it. Instead, he asked, as he looked anxiously, inquiringly, at O'Day: 'Where do you suppose—how can we even begin to look for her?'

O'Day, relieved to find that his action of hiding the picture in his pocket had been unnoticed, said loudly: 'Give me time, Rand, give me time.'

"These women," he added, half dolefully, half humorously, "are always causing trouble. It's cherchie in feminine—whatever you call it in your fancy French—for sure now."

The policeman that O'Day had sent out to search the neighborhood came struggling back.

"Nothing doing, Lieutenant," he reported. "We've been to every house in the block. No rooming houses in the neighborhood, and they all swear they never even saw any one like Jensen hangin' around."

O'Day turned to Jimmy. "What time was it you got the phone call?"

"I don't know exactly. It must have been about midnight. I called you immediately afterward."

"Well, it was just midnight when you called," he turned to his men. "Of course, Jensen wouldn't dare to be livin' in this neighborhood. I didn't expect you to find anything."

And then he added, himself again to Jimmy. "We showed poor judgment in not keepin' this Olga Maynard locked up when we had her. We should have kept an eye on her all the time."

Jimmy's anger flared. "I didn't think you'd say I told you so at a time like this. You're talking like that about her and the poor girl might be dead for all we know. Why?"

## TENDER, ACHING FEET

THE minute you get your feet a "Tiz" both your feet and your legs being drawn out and come out just what you need. How good your tired, swollen, burning feet feel. "Tiz" draws out the poison that causes tender, aching feet.

"Tiz" takes all the soreness out of corns and calluses. Get a box of "Tiz" at any drug or department store for a few cents.

End foot torture forever—wear smaller shoes, keep your feet fresh, sweet and comfortable. Bathe them in TIZ.

## ESQUIMALT HOME

PRICE REDUCED TO \$2,150

## Brentwood

Special to The Times

Brentwood, May 14.—The Bamberston Recreation Hall, Bamberston, was crowded to capacity on Friday evening, when the Bamberston concert "Optimists" held a concert and dance in aid of the Queen Alexandra Home for crippled children. Mr. Anderson, manager of the Cement Plant, in opening the programme, welcomed the visitors, who were present in large numbers from Victoria, Brentwood and Cobble Hill. Mr. Anderson introduced Dr. Wace, who spoke briefly on the aims of the proposed solarium, and was accorded hearty applause at the close of his remarks.

The programme opened with a chorus by the whole company. Two very fine instrumental solos were played by Mrs. Baker, piano; Mr. F. Rees, violin; Mr. Hughes, cello. Mr. George Yardley then sang a humorous song, "Mrs. Baker rendered two solos, after which two juvenile dancers, Misses Ethel Bull and Edith Barlow, gave an excellent stop-dance. Mr. Ellis sang a comic song which was heartily enjoyed. Mr. Williams contributed a fine baritone solo. A burlesque quartette by Messrs. S. Hughes, H. Sweeney, G. Yardley, and W. Fish, which created much amusement, brought the first part of the proceedings to a close.

The second part of the programme opened with an excellent piano solo by Miss H. Anderson. S. Hughes and Mr. Baker sang a duet. Two solos by Mrs. W. Savage were much enjoyed. The trials of modern house-hunting were shown in the burlesque "Harmonious House Hunting," the various parts being taken by the following: House agent, Mr. Fish; Burlington Bertie, Capt. Sweeney; Bertie's wife, Mrs. Baker; Holshavik, G. Yardley; lady flat hunter, Miss H. Anderson; owner of

cottage, H. Ellis. Scene: House agent's office. The juvenile dancers gave another very pretty dance. Mr. Fish sang one of his popular songs and was heartily enjoyed. Two fine tenor solos were very well rendered by Capt. Sweeney. The "Melody" violin, Mr. Rees, second violin, R. Hughes, mandolin, Mr. Baker, gave instrumental selections which were greatly enjoyed. Finale by the whole party brought the excellent concert to a close. At the close of the performance Mr. Williams, on behalf of the concert party, in a little speech, thanked all those who had patronized the affair, and also expressed thanks to the B.C. Cement Company for its kind help, and to Capt. Scarfe, who gave the use of his launch free of charge. As a result of their being no expenses Mr. Williams presented Dr. Wace with the entire proceeds, amounting to \$125. Refreshments were served by the members of the social club, after which dancing was kept up until 2 a.m., the music being supplied by the Melody Four Orchestra.

## IT'S SLENDERING, TOO

The diagonal line is receiving much attention from fashion designers and is featured particularly on skirts, often outlined with pleated ruffles.

## NEW CABINET IS FORMED IN CHINA

Peking, May 14.—A new government has been set up in Peking, a reconstitution of the Cabinet of Dr. W. W. Yen, which functioned in late 1924 before Marshal Feng Yu-Hsiang became a dominant figure in the capital. The new Cabinet announced the resignation of President Tsao K'un on May 1, and said it would assume the reins of the chief executive.

Although the new regime is without the status of a ruling Cabinet, it is understood it will operate as the executive with the consent of the military factions in actual control of the situation. Chief among the military authorities concerned the Marshal Wu Pei-Fu, leader of the old Chihli party; Marshal Chang Tso-Lin, dictator of Manchuria, and Gen. Li Ching-Lin, risen to power through the command of the Manchurian, Shantung levies—whose pressure

caused the withdrawal of the National Army from the capital. Dr. Yen has assumed for the time being the posts of Premier and Foreign Minister, although Alfred See has been announced as Foreign Minister. V. K. Wellington Koo, former Minister to Great Britain and the United States, becomes Minister of Finance and Yang Wen-Kai, Minister of Commerce.

The Yen regime represents a compromise between the political views of Marshal Wu and Marshal Chang, and it is likely several shifts will be made later.

## MILITARY EVENTS

Since the occupation of Peking last month by the allied Manchurian-Shantung forces the military situation in North China has shown little change. There has been little effort by the victorious allies to pursue the retreating National Army beyond Nankow Pass, northwest of Peking. The National Army is believed to be badly provisioned, and it begins to look like it was part of the allied strategy to starve it out rather than fight. The National troops are known to be replenishing their ammunition supplies from Russia, but this entails a tremendous haul across the Gobi Desert by way of Kiakhta and Urumchi.
